Ratification of Change Order No. 3 of Emergency Contract for Turbine 4 Repairs

WHEREAS, on October 25, 2020, Turbine 4, which has been serving as the primary turbine for daily operations and rain events, tripped offline unexpectedly, further risking operational effectiveness of the Sewerage and Water Board of New Orleans (SWBNO) infrastructure due to the preexisting impairment of SWBNO power generation capabilities because of the age, condition and additional prior damage to Turbines 1, 3 and 5; and

WHEREAS, when Turbine 4 tripped offline on October 25, 2020, SWBNO crews onsite began troubleshooting various systems, and it was determined that the cause of the trip was related to a malfunction of the turbine speed sensors; and

WHEREAS, further investigation into the cause of the event and extent of damage to Turbine 4, as well as the repair of the turbine requires the services of an outside contractor familiar with the operation, maintenance and repair of steam turbine generators; and

WHEREAS, the loss of Turbine 4 has resulted in the loss of up to 20 megawatts of 25 Hz power generating capacity, thus reducing total 25 Hz power generation redundancy; and

WHEREAS, the failure to self-generate 25 Hz power places at risk the operation of the Board's sewerage, water and drainage system that provide essential sanitary sewerage services, potable water services, and stormwater drainage services upon which the citizens of New Orleans rely; and

WHEREAS, time is of the essence to determine and address the cause(s) of the Turbine 4 trip event, prevent further damage, make all necessary repairs, and where necessary, repair or improve other system components to fortify the remaining 25 Hz power generation and distribution facilities to provide as much system reliability and redundancy as practicable during the Turbine 4 outage; and

WHEREAS, this Order, in the amount of \$400,000.00 is the Original Contract Value; and

WHEREAS, this Change Order 1 addresses the additional work to complete repairs not included under the original proposal, including but not limited to repairs of: the rotor, bearings, seals and overspeed trip; and

WHEREAS, this Change Order 1, in the amount of \$607,714.67, or 151.93% of the Original Contract Value;

WHEREAS, this Change Order 2 addresses the additional work to complete repairs not included under the original proposal, including but not limited to repairs of: the ejector system, the throttle and Trip Valve, vacuum leaks, and oil leaks; and

WHEREAS, this Change Order 2, in the amount of \$64,358.03, or 16.09% of the Original Contract Value;

WHEREAS, this Change Order 3 addresses the additional work to complete repairs not included under the original proposal, including but not limited to repairs of thrust bearings and plates; and

WHEREAS, this Change Order, in the amount of \$147,092.61, or 36.77% of the Original Contract Value;

NOW THEREFORE, BE IT RESOLVED, the ratification of Change Order No. 3 for the emergency contract is ratified by the Sewerage and Water Board of New Orleans increasing the amount of the contract by \$147,092.61, brings the accumulated Contract total to \$\$1,219,165.31.
