# BOARD OF DIRECTORS' MEETING

January 27, 2025

MEETING MINUTES

## SEWERAGE AND WATER BOARD OF NEW ORLEANS

---

### ROLL CALL

---

The Board of Directors for the Sewerage and Water Board of New Orleans (SWBNO) met on Monday, January 27, 2025, at 9:04 a.m. in the Executive Boardroom. Special Counsel Ms. Yolanda Grinstead called the roll and confirmed the following members were present: Hon. Mayor LaToya Cantrell, Director Joseph Peychaud, Director Robin Barnes, Director Lynes Sloss, Director H. Davis Cole, Director Janet Howard, Director Chadrick Kennedy, Director Tyler Antrup, Director Tamika Duplessis.

The following member(s) were absent: Councilmember Freddie King; Director Maurice Sholas.

Staff present were: Ghassan Korban, Executive Director; Jamie Parker, Interim Chief of Staff; Grey Lewis, Chief Financial Officer; Stephen Nelson, General Superintendent; Yolanda Grinstead, Special Counsel; Irma Plummer, EDBP; Darryl Harrison, Legal; Brionne Lindsey, Board Relations; Giselle Smothers, Board Relations.

Prior to the start of the meeting, Honorable Mayor Cantrell delivered her opening remarks. Mayor Cantrell acknowledged the utility and administrative personnel during the wintry snowstorm event which occurred in January. Mayor Cantrell stated while snow has a way of bringing a little joy even in the midst, it was good to see how the residents responded to the event. Mayor Cantrell thanked the first responders and those on the front line who continue to show up and do their job. She stated "It's bigger than a job. It's a calling".

Mayor Cantrell addressed the concerns of the nationwide outage regarding Capital One Financial Institution's that resulted in non-payroll payments. The Board and leadership team rapidly responded to the concern. Mayor Cantrell thanked the Payroll Department for the overtime and dedication put in to ensure the employees means were met in a timely manner. Mayor Cantrell gave a special thanks to all that participated in the Freeze Campaign. The public's engagement reflects the trust the utility is building across the board.

---

### APPROVAL OF PREVIOUS MINUTES

---

Mayor Cantrell presented a motion to accept the minutes of the December 18, 2024, Board Meeting as amended. Director Barnes moved for approval of the minutes. Director Sloss seconded. The motion carried.

---

## **COMMITTEE REPORTS**

---

### **Pension Committee Report**

Director Joseph Peychaud reported on the summary and actions taken by the Pension Committee. The Pension Committee Report for the month of January was presented and recommended for approval.

Mayor Cantrell asked for a motion to adopt the Pension report as amended. Director Howard moved to adopt Pension minutes as proposed for January. Director Cole seconded. The motion carried.

### **Operations Committee Report**

Director Janet Howard reported on the summary and actions taken by the Operations Committee. The Operations Report for the month of January was presented and recommended for approval.

Mayor Cantrell asked for a motion to adopt the operations report. Director Sloss moved to adopt Operations minutes as proposed. Director Kennedy seconded. The motion carried.

### **Finance & Administration Committee Report**

Director Lynes Sloss reported on the summary and actions taken by the Finance and Administration Committee. The Finance Report for the month of January was presented and recommended for approval.

Mayor Cantrell asked for a motion to adopt the Finance report. Director Peychaud moved to adopt Finance minutes as proposed. Director Barnes seconded. The motion carried.

---

## **REPORT OF THE EXECUTIVE DIRECTOR**

---

Executive Director Ghassan Korban opened with gratitude by acknowledging the tenacity and resilience of the Emergency Response team during the winter snowstorm that impacted our city. Mr. Korban further continued with acknowledgements to the Payroll and Human Resources departments during a payroll breakdown with the financial institute and its failure to process direct deposits. The team has worked effortlessly to process paper checks for face-to-face distribution.

### **Post Winter Storm:**

- Water System:
  - The water pressure is back up and functioning
  - One main tripped offline on yesterday (January 26<sup>th</sup>)
  - Pressure returned within 15 minutes
  - The public was understanding and responded well to the requests of trickling water.

Executive Director Ghassan Korban presented a slide overview that focused on the following topics:

### **Drainage Consolidation (Act 763)**

- **2025 Funding:**
  - \$18M estimated (Infrastructure Maintenance Fund (IMF), Traffic Camera Revenues, ARPA funds).
- **2025 Goal:**
  - Clean 15% of the system
- Collaboration with ISeeChange and 311 data to develop capital plans for 2026
- Residents are encouraged to call and reports
- Initial work to begin utilizing our internal workforce
- Goal: Clean 4-5% of the system with internal crews in 2025
- Cleaning and repairs contract advertisement pending

### **Drainage Consolidation Internal Efforts**

- Working with DPW to take possession of 5 vacuum trucks
  - Ready to use
- Assessing Superbowl clean zone after rain events to determine priority cleaning prior to the Superbowl LIX
- Develop workforce by hiring and training staff
- Purchase of an additional vacuum truck

---

### **ACTION ITEMS**

---

- Resolution (R-033-2025) 2025 SWBNO Holiday Schedule
  - **Director Peychaud moved to accept R-033-2025. Director Barnes seconded. The motion carried.**
- Resolution (R-034-2025) Ratification of Cooperative Endeavor Agreement between The City of New Orleans and Sewerage and Water Board of New Orleans Maintenance Transfer of Drainage Operations.
  - **Director Duplessis moved to accept (R-034-2025) Director Antrup seconded. The motion carried.**

- Resolution (R-035-2025) Ratification of Agreement Between the City of New Orleans and Sewerage and Water Board of New Orleans for Transfer and Consolidation of Drainage Operations Pursuant to Acts 763 and 103 of 2024
  - **Director Kennedy moved to accept (R-035-2025). Director Antrup seconded. The motion carried.**
  - **Director Duplessis called for a revision to amend Act 783 to reflect 763. Director Cole seconded. Motion carried.**
- Resolution (R-036-2025) Ratification of State of Louisiana Cooperative Endeavor Agreement CEA #945-226 Arbiters for Customer Billing Disputes.
  - **Director Peychaud moved to accept (R-036-2025). Director Barnes seconded. The motion carried.**
- Resolution (R-021-2025) Authorization of Amendment No.1 For Contract 30264 – Cleaning and CCTV Inspection of Sanitary Sewer Mains at Scattered Sites Within Orleans Parish between The Sewerage and Water Board of New Orleans and Compliance EnviroSystems, LLC.
  - **Director Kennedy moved to accept (R-021-2025). Director Sloss seconded. The motion carried.**
- Resolution (R-022-2025) Ratification of Cooperative Endeavor Agreement Between Sewerage And Water Board Of New Orleans And Plaquemines Parish Government For Mutual Emergency Assistance For Potable Water Supply.
  - **Director Howard to moved to accept (R-022-2025). Director Cole seconded. The motion carried.**

---

## **ADJOURNMENT**

---

There being no further business to come before the Board of Directors, Director Cole moved to adjourn. Director Barnes seconded. The motion carried. The meeting adjourned at approximately 10:43 a.m.

625 St. Joseph Street  
New Orleans, LA 70165  
504.529.2837 or 52.WATER

February 12, 2025

The Finance and Administration Committee met on Wednesday, February 12, 2025, in the Executive Boardroom. The meeting convened at approximately 9:01 a.m.

1. **ROLL CALL**

**Present:**

Director Janet Howard  
Director Joseph Peychaud  
Director Chadrick Kennedy

**Absent:**

Director Lynes R. Sloss  
Director Robin Barnes

2. **CASH FLOW OVERVIEW**

Grey Lewis, Chief Financial Officer presented an update on the December 2024 Preliminary financial results and liquidity position, as it is critical that SWBNO maintain sufficient cash flow levels to continue operations and meet bond covenant requirements. The December 2024 Water and Sewer cash levels (170 / 237-Days Cash on Hand, respectively) exceed the minimum and target thresholds based on month end cash and budgeted expenses. Additionally, Debt Service Coverage is within the budgeted forecast considering favorable variance in expenses exceeding unfavorable variance in revenue. Year end procedures are underway to capture all prior year expenses for accrual and prepare for the fiscal audit.

January and December 2024 collections were \$18.7m and \$20.2m, respectively with the loss of 1 week during the snowstorm and lower typical start of year after holidays for consumer payments as the anticipated drivers of lower collections. Efforts continue to promote customer payment plans via Promise Pay which has now reached a 1-year anniversary as new more customer friendly tool to set up installment plans. Total Past Due Accounts receivables as of December 31, 2024 (aged > 60 days) were \$63.9m (24,452 customers) virtually flat relative to 1 month ago.

625 St. Joseph Street  
New Orleans, LA 70165  
504.529.2837 or 52.WATER

There are approximately 11k customers who have not enrolled in a payment plan despite being in arrears who continue to be the focus of collection activities including being referred to HGI.

HGI provided customer credits of \$979k on 289 customer cases during the month of January down significantly from December which had 2,385 cases and \$5.9m in credits. Cases which the Utility does not agree with HGI decision are forwarded to CURO. The Arbiters program is in the process of being set up by the LLA and CURO. Additional information to be included in the monthly HGI report will include customer case counts where not credit was granted as well as the number of pending customer cases with HGI at the end of the period for ongoing monitoring.

Reported revenues for December (\$19.2m) were below budget for the month and YTD and the CFO reported adjustments are being prepared for 2 items (a. relating to Customer credits which apply to bills for which a general reserve was already established due to aging incorrectly reducing current period revenue and b. Reclassification needed between Water and Sewer to address customer credits that should have been applied pro rata to both but were solely applied to the Water System. Management is working with the CSM data and IT Team to make the necessary adjustments. December operating expenses (\$38.5m) were above budget for the month and YTD less than budget by \$65m as expenses as were conservatively established and management is in the process of accruing expenses for late identified invoices and costs not previously invoiced.

The year end audit for 2024 is in preliminary stages with field work planned starting in March by the external auditors – Eisner Amper in order to complete the Annual Comprehensive Financial Report by the legislative deadline in June.

### 3. **ACTION ITEMS**

- Resolution (R-039-2025) Attestation to Completion of the Annual Auditor Compliance Questionnaire Required by the Louisiana State Legislative Auditor for our Fiscal 2024 Audit of the Annual Comprehensive Financial Report
  - o **Director Kennedy moved to defer R-039-2025. Director Peychaud seconded. The motion carried.**

625 St. Joseph Street  
New Orleans, LA 70165  
504.529.2837 or 52.WATER

## **GENERAL SUPERINTENDENT'S REPORT**

**AMENDMENT TO CONTRACT 30265 BETWEEN THE SEWERAGE AND WATER BOARD OF NEW ORLEANS AND CRAIG'S ELECTRICAL & GENERATOR SERVICE FOR PORTABLE GENERATORS FOR SEWER – ZETA.**

**WHEREAS**, the City of New Orleans submitted an application for Federal assistance for alternate power at sewer stations under FEMA-4577-DR-LA grant and was approved by FEMA on May 2, 2023 to provide the Sewerage and Water Board of New Orleans (“Board”) with (17) seventeen portable generators, and

**WHEREAS**, the Board shall be reimbursed via FEMA-4577-DR-LA for the eighty-four percent (84%) of the purchase cost of seventeen (17) generators up to a total project cost of \$3,325,000.00; and,

**WHEREAS**, The Board of Directors, via Resolution 131-2024, awarded Contract 30265 to Craig's Electrical & Generator Service in the amount of \$2,304,723.00,

**WHEREAS**, The Board received a proposal from Craig's Electrical & Generator Service for an additional four (4) generators and paralleling controllers and motorized breakers for all generators in the amount of \$901,540.00,

**WHEREAS**, the Board has received approval from The City of New Orleans to be awarded 84% funding via FEMA-4577-DR-LA for the additional generators, paralleling controllers, and motorized breakers,

**NOW, THEREFORE BE IT RESOLVED**, that the President and/or President Pro-Tem of the Sewerage and Water Board of New Orleans, shall be authorized to execute an amendment to the Professional Services Agreement for Portable Generators for Sewer - Zeta with Craig's Electrical & Generator Service with a change in the contract value of \$901,540, for a new total value of \$3,206,263, keeping the original contract duration to one year.

---

I, Ghassan Korban, Executive Director,  
Sewerage and Water Board of New Orleans,  
do hereby certify that the above and foregoing  
is a true and correct copy of a Resolution adopted  
at the Regular Monthly Meeting of said Board,  
duly called and held, according to law, on  
February 19, 2025.

**AMENDMENT NO. 6 TO THE AGREEMENT BETWEEN THE SEWERAGE AND WATER BOARD OF NEW ORLEANS AND JACOBS ENGINEERING GROUP INC. FOR PROFESSIONAL SERVICES IN ENGINEERING SERVICES FOR POWER FREQUENCY CONVERTER AT CARROLLTON WATER PLANT.**

**WHEREAS**, the Sewerage and Water Board of New Orleans (SWBNO) and Jacobs Engineering Group Inc. (Jacobs) are parties to a Professional Services Agreement dated September 20, 2020 (the “Agreement”), for the design and installation oversight of a medium voltage Static Frequency Converter (SFC) to be located at the Carrollton Water Plant (CWP) (the “Project”); and

**WHEREAS**, the Project is being undertaken at the CWP to mitigate the expense of using boilers and steam turbine generators to maintain 25-cycle power levels required for drainage and potable water pumping facilities by using electrical utility power in conjunction with the SFC, and, under conditions where utility power is not the optimal choice, to allow SWBNO to use the SFC with the 60-cycle generation facilities to produce 25-cycle power required for use during such events; and

**WHEREAS**, the Agreement provided for Jacobs to perform its services in three phases with specific deliverables for each phase; and

**WHEREAS**, the Agreement provided for compensation only for services for Phase 1 of the Project, with compensation for Phase 1 at \$634,142.00, with the expectation that more specific Phase 2 and Phase 3 services and compensation therefore would be provided; and

**WHEREAS**, a proposal for Phase 2 and Phase 3 services was submitted to SWBNO on January 25, 2021, with a compensation of \$2,448,638.00; and

**WHEREAS**, pursuant to Resolution R-022-2021, the Board and Consultant executed Amendment No. 1, dated June 14, 2021, for an increase of \$2,448,638.00 to the original agreement; and

**WHEREAS**, a proposal for additional Professional Liability Insurance (PLI) coverage was submitted to SWBNO on June 10, 2021, with a compensation of \$175,000, to raise the limit of PLI coverage to \$10 million aggregate and per claim; and

**WHEREAS**, a proposal was submitted to SWBNO on January 28, 2021, requesting shared responsibility for the associated costs for the rebid of the original contract package, 1414, now contract 1417; and,

**WHEREAS**, on May 17, 2021, SWBNO responded to the proposal with a suggestion that the breakdown of a credit of 150 hours (\$32,708) to the SWBNO and an approval of 76 hours (\$16,572) be added to the Phase 2 scope for the SFC Design; and,

**WHEREAS**, on June 10, 2021, Jacobs responded to the proposal to SWBNO follow-up, accepting SWBNO's offer to share the cost, with a compensation of \$16,572; and

**WHEREAS**, on February 22, 2022, Jacobs submitted a proposal to SWBNO with a compensation of \$4,606,025.00 for additional engineering services associated with SWBNO's procurement of two additional static frequency converters including support, coordination, civil/structural design, electrical/controls, construction, commissioning, integration support and project management for the additional units; and

**WHEREAS**, Jacobs is the Engineer of Record for eleven of nineteen contracts presently identified as part of the West Power Complex program and associated with the installation and commissioning of the static frequency changers; and

**WHEREAS**, on February 28, 2023, Jacobs submitted a proposal to SWBNO with a compensation amount of \$8,230,660 for the expansion of Phase 2 services (construction administration and commissioning/startup support) to include additional of staff to establish a Construction Management Office that will coordinate and manage the execution of multiple individual contracts / projects related to the West Power Complex Program through the end of 2025, and for additional Phase 2 design scope identified during the course of the design of the Jacobs-managed contracts associated with the West Power Complex;

**WHEREAS**, pursuant to Resolution R-025-2023, the Board and Consultant executed Amendment No. 5, dated August 24, 2023, for an increase of \$8,230,660 to the original agreement for a new total of \$16,111,037; and

**WHEREAS**, on January 22, 2025, Jacobs submitted a proposal to SWBNO with a compensation of \$2,935,005 for additional scope of work through December 2025 for The Project and extensive contractor oversight and management of extended schedules, necessitating a level of effort beyond The Agreement; and

**NOW THEREFORE BE IT RESOLVED**, that the President and/or President Pro-Tem of the Sewerage and Water Board of New Orleans, shall be authorized to execute an amendment to the Professional Services Agreement for Static Frequency Converter at the Carrollton Water Plant with Jacobs Engineering Group Inc. with a change in the contract value of \$2,935,005, for a new total value of \$19,046,042, keeping the original contract duration to December 31, 2025.

Previously Approved Extensions (Days)	1581
Time Extension Requested (Days)	0
<b>Proposed Contract Completion Date</b>	<b>12/31/2025</b>

**Purpose and Scope of the Contract:**

*To mitigate the expense of using boilers and steam turbine generators to maintain 25-cycle power levels required for drainage and potable water pumping facilities, the Board proposed to use Electrical Utility Power in conjunction with frequency converter. Additionally, under conditions where utility power is not the optimal choice, the Board will utilize the frequency converter with 60-cycle generation facilities to produce 25-cycle power required for use during such events. Jacobs is contracted to perform and provide professional engineering services for the design and installation of a medium voltage frequency converter to be located at the Carrollton Water Plant. The Agreement provides for Jacobs to provide professional engineering services in (3) three phases for the design and installation of a frequency converter, under which Jacobs was to provide design services and support procurement activities; provide construction administration and inspection services; and provide startup, commissioning, and closeout services related to three (3) construction contract packages.*

**Reason for Change:**

In Scope <input type="checkbox"/>	Differing Site Condition <input type="checkbox"/>	Regulatory Requirement <input type="checkbox"/>
Design Change <input type="checkbox"/>	Other <input checked="" type="checkbox"/>	

Throughout the project, Jacobs has been tasked with various additional duties not included in the Contract Amendment 5 Scope of Work (SOW) and which have been identified through Level of Effort (LOE) Estimates provided to SWBNO. The extensive contractor oversight and management of extended schedules have necessitated a level of effort beyond the initial agreement. This proposal outlines the necessary adjustments to the scope of work to support the ongoing equipment supply and construction execution contracts to support the project's successful operation by mid-2025 and completion by December 2025.

**Spending to Date:**

Cumulative Contract Amount (as of 1/27/2025)	\$16,111,037.00

**AMENDMENT No. 2 TO THE AGREEMENT BETWEEN THE SEWERAGE AND WATER BOARD OF NEW ORLEANS AND JACOBS ENGINEERING GROUP, FOR DESIGN AND CONSTRUCTION ADMINISTRATION SERVICES FOR A NEW TURBINE-GENERATOR AT THE CARROLLTON WATER TREATMENT PLANT.**

**WHEREAS**, on December 14, 2019 there was an explosion at the CWP, involving Turbine No. 5 (T5) in particular (the “Incident”); and

**WHEREAS**, pursuant to the Board’s February 6, 2020 Declaration of Extreme Emergency (“Emergency Declaration”), the Board began to undertake investigation into the cause, results, impacts, and possible repair and/or replacement of T5; and

**WHEREAS**, time is of the essence to address the loss of T5’s 25 Hz power capacity to repair, improve, or replace power system components to fortify the power generation and distribution facilities and to provide as much reliability and redundancy as practicable for all systems (i.e. water, sewerage, and drainage); and

**WHEREAS**, following the Incident, under the Emergency Declaration, the General Superintendent, with concurrence from the Executive Director, authorized Jacobs Engineering Group (Jacobs) to provide technical assistance and guidance on the potential options for replacing the 25 Hz power capacity lost as a result of the Incident; and

**WHEREAS**, after reviewing the options of repairing T5 and purchasing a new turbine-generator, it was decided to pursue both options concurrently; and

**WHEREAS**, a modern 60 Hz turbine-generator, paired with the static frequency converter (SFC) partially funded through the FEMA Hazard Mitigation Grant Program (HMGP) can provide the 25 Hz power capacity lost as a result of the Incident; and

**WHEREAS**, on February 24, 2021, by Resolution R-020-2021, the Board of Directors authorized the execution of a contract with Jacobs Engineering Group (Jacobs) for engineering design and construction administration services for the new combustion turbine-generator (T7) at the Carrollton Water Treatment Plant for a negotiated total fee not to exceed \$2,593,398.00; and

**WHEREAS**, the original contract’s Period of Performance ends on March 22, 2023; and

**WHEREAS**, Amendment 1 extended the contract end date to March 31, 2025; and,

**WHEREAS**, Amendment 2 will extend the contract end date to December 31, 2025 that is required to complete the services to accommodate the purchase and construction of the Sullivan Substation, the new Static Frequency Changers, and other auxiliary equipment.

**NOW THEREFORE, BE IT RESOLVED**, that the President or President Pro-Tem of the Sewerage and Water Board is hereby authorized to execute on behalf of the Sewerage and Water Board of New Orleans Amendment No. 2 with Jacobs Engineering Group for Combustion-Turbine 7 work extending the contract by 275 days with an end date of December 31, 2025.

**RATIFICATION OF CHANGE ORDER NO. 8 FOR CONTRACT 1418 –  
CARROLLTON WATER PLANT UTILITY RACK BETWEEN THE SEWERAGE AND  
WATER BOARD OF NEW ORLEANS AND M.R. PITTMAN GROUP, LLC.  
(CORRECTIVE)**

**WHEREAS**, on January 3, 2023, the Sewerage and Water Board (Board) entered into Contract 1418 with M.R. Pittman Group, LLC (MRPG) in the amount of \$32,215,000.00 for the construction of The Utility Rack at the Carrollton Water Plant; and

**WHEREAS**, the Executive Director, by Executive Director's Approval of Change Order ED-008-2023, approving two Field Change Orders (FCO). FCO-001 and FCO-002 authorized the purchase of The Construction Management Office (CMO) office space and modifications to the mudline line stop, respectively, with Change Order 1 in the amount of \$361,839.03 on April 20, 2023; and

**WHEREAS**, The Board, by Resolution R-084-2023, approved Change Order 2, increasing the contract by \$148,962.91. Change Order 2 included FCO-003, the cutting and splicing of piles to reduce the pick weights and fall radius of the piles as they were being set by the crane; and

**WHEREAS**, The Board, by Resolution R-102-2023, approved Change Order 3, decreasing the contract by \$523,135.87. Change Order 3 included two FCOs. FCO-004 accounted for the clearing of underground interferences MRPG encountered while in Segment C. FCO-005 accounted for the instruction to MRPG to provide a value for the state and local taxes that were yet to be paid as SWBNO issued Louisiana Department of Revenue Form R-1020, designating MRPG as its agent for the purpose of making sales tax exempt from purchases; and

**WHEREAS**, The Board, by Resolution R-108-2023, approved Change Order 4, increasing the contract by \$115,579.37. Change Order 4 included three FCOs. FCO-006 was a change to the East Transition Structure to address discrepancy between design pile cut-off elevation and the actual ground elevations at the pile locations. FCO-007 was a partial credit back to SWB for FCO-003, based on a revised proposal from MRPG that accounts for cost savings to MRPG. FCO-008 was for modifications to Table Tops 31 and 32, due to conflicts encountered during the potholing process, leading to modifications in the locations of piles #44, #46, and #50; and

**WHEREAS**, The Board, by Resolution R-010-2024, approved Change Order 5, increasing the contract by \$460,816.11. Change Order 5 included two FCOs. FCO-009 was for various underground interferences MRPG encountered while in Segment D. FCO-010 was for slab demolition that was not accounted for on the original contract drawings under Piles 20N and 21; and

**WHEREAS**, The Board, by Resolution R-049-2024, approved Change Order 6, increasing the contract by \$313,513.35. Change Order 6 included four FCOs. FCO-011 is for water management and coring in Segment B and was issued unilaterally with approved costs as determined by the CMO with the opportunity for MRPG to present further justification to substantiate additional claims.

FCO-012 was for cable tray revisions in the West Transition Structure that changed due to ongoing coordination with equipment vendors and design of Contract 1415. FCO-013 was for a design change to the restoration of the existing sidewalk at the West Pull Box Structure. FCO-014 accounted for the change from one fixed end on each span to both ends having sliding pin shoes which removed any restrictions on welding in specific temperature range; and

**WHEREAS**, The Board, by Resolution R-114-2024, approved Change Order 7, decreasing the contract by \$148,651.41. Change Order 7 included four FCOs. FCO-015 was a credit for the removal of two (2) of the three (3) 48 inch line stops specified in the Contract that were removed from the scope due to various site conditions. FCO-016 is for a change in the Cathodic Protection Header cable size. FCO-017 is for additional dowels needed in the West Transition Structure Foundation. FCO-018 is for an adjustment of a manhole near the Chemical House that was not originally in the scope and the cleaning of various drain lines near the Chemical House; and

**WHEREAS**, This Change Order 8 includes three FCOs. FCO-019 is for additional compensation for water management and coring in Segment B, as it relates to the unilateral FCO, FCO-011, as agreed upon during executive negotiations. FCO-020 is for additional utilities provided to the SCMO office space. FCO-021 is for additional lightning protection needed due to a design change to the structure. This Change Order increases the Contract Amount by \$340,006.54 for a revised Contract Amount of \$33,283,930.03, bringing the total Change Order amount to \$1,068,930.03, or 3.3% of the Original Contract Amount.

**NOW THEREFORE BE IT RESOLVED**, Change Order 8 for Contract 1418 is hereby ratified by the Sewerage and Water Board of New Orleans increasing the Contract Amount by \$340,006.54, bringing the Contract total to \$33,283,930.03.

---

I, Ghassan Korban, Executive Director,

Time Extension Requested (Days)	226
<b>Proposed Contract Completion Date</b>	<b>8/16/2024</b>

**Purpose and Scope of the Contract:**

*Brief description of original contract scope.*

*The SOW for Contract CP-1418 Utility Rack includes supply, fabrication, and installation of approximately 1,700 linear feet of galvanized structural steel utility rack, including forty-nine electrical conduits and one 8-inch natural gas pipeline which will connect the new power generating equipment at the WPC within the C7 basin to the existing power infrastructure located on the east side of the SWBNO property at Central Control and Turbine 6.*

**Reason for Change:**

Error/Omission <input type="checkbox"/>	Differing Site Condition <input checked="" type="checkbox"/>	Regulatory Requirement <input type="checkbox"/>
Design Change <input checked="" type="checkbox"/>	Other <input checked="" type="checkbox"/>	

FCO-019 - Water Management - \$316,153.94: Within Segment B of the Utility Rack, the Contractor was required to install a 42" casing at each pile location and core a concrete slab approximately 10-12 feet below grade prior to installation of 36" pipe piles. This work was necessary because the piles were to be located within an existing utility trench separating the L-basins and the C-basins. Upon initiation, water entering the utility trench created difficult working conditions. Jacobs issued WCD-003, Water Management and Coring, on 16 February 2023 for managing water within the utility corridor / trench as well as directed alternate coring methods. Upon completing the Work, Contractor submitted a change order request (COR) totaling \$657,253.95 on 14 July 2023. Based on the information provided at the time, Jacobs issued FCO-011, Water Management and Coring, on 26 February 2024 for \$186,760.90. On 03 May 2024, Contractor submitted additional information revising the originally requested amount to \$495,280.26. Based on the additional information provided, the difference between the originally approved amount of \$186,760.90 and the revised request of \$495,280.26 is a total of \$316,153.94. FCO-019 is hereby issued for a total of \$316,153.94. As of the issuance of this FCO, no additional Contract Time has been awarded in association with previously approved changes in work. Cumulatively, these changes, including WCD-003 described above, have resulted in delays beyond the control of the Contractor. In accordance with Article 12.03 of the General Conditions, an equitable adjustment in Contract Time is equal to 226 days. Note that the denial of charges included in the July 2023 COR was largely based on lack of justification for equipment Standby Time. With the issuance of additional Contract Time, these charges can be justified.

FCO-020 - Extended CMO Trailer Utilities - \$9,272.77: Per FCO-001, Contractor provided utilities for Engineer's Trailer for a period of 12 months beginning February 2023 and extending to February 2024. At the end of this 12-month period and at Owner's request, Contractor continued to supply utilities to Engineer's Trailer, including both internet and sewer service, for an additional 7 months ending in September 2024.

FCO-021 - Additional Lightning Protection - \$14,579.83: Additional bonding jumpers for the lightning protection system are required due to a previous modification of pin shoes from fixed pin shoes to clipped pin shoes. The fixed pin shoes provided continuity between the lightning protection air terminals and grounding rods. The modification from fixed pin shoes to clipped pin shoes added a layer of teflon that creates an electrical discontinuity that must be addressed through a bonding jumper. An additional 25 bonding jumpers are to be installed at locations designated as clipped pin shoes per WCD-009 / FCO-014. This FCO covers the cost of 50 beam clamps, bonding jumper wires / cables, manlift rental, and installation labor. No galvanizing touch up associated with beam clamp installation is required.

**RATIFICATION OF CHANGE ORDER NO. 7 FOR CONTRACT 1376 – WATER HAMMER HAZARD MITIGATION PROGRAM – HIGH LIFT PUMPING STATION AND PANOLA PUMPING STATION BETWEEN THE SEWERAGE AND WATER BOARD OF NEW ORLEANS AND M.R. PITTMAN GROUP, LLC.**

**WHEREAS**, on December 15, 2021, by Resolution R-127-2021, the Sewerage and Water Board of New Orleans awarded Contract 1376 to M.R. Pittman Group, LLC in the amount of \$20,130,000.00 for Water Hammer Hazard Mitigation Program – High Lift Pump Room and Panola Pumping Station Improvements; and,

**WHEREAS**, the Executive Director, by ED-009-2023 approved Change Order 1 authorized the addition of Special Conditions for FEMA Compliance to the Contract Specifications per FEMA’s guidance. This Change Order 1 did not change the Contract Times or Cost; and

**WHEREAS**, the Executive Director by ED-012-2023 approved Change Order 2, decreasing the Contract Amount by \$662,138.62 and adding 118 days to the Contract Times. Change Order 2 included 11 Field Changes including piping modifications due to existing conditions, additional exploratory excavations, an additional pump inspection, changes to the pump rehabs as a response to discoveries made during the inspections of the pumps, a time extension due to the SWB’s inability to release Panola Pumping Station for operational reasons, deduction of a line stop from the contract, and mitigation of excessive water intrusion in the project site; and

**WHEREAS**, the Board by R-066-2023 approved Change Order 3 on June 21, 2023, increasing the Contract Amount by \$1,098,525.08 and adding 87 days to the Contract Times. Change Order 3 included the addition of an electric motor to High Lift Pumping Station. Since 1961, the High Lift Pumping Station, a critical component of the water distribution system, has been composed of two pumps driven by steam turbines. As the power plant primarily relied on steam for the steam-turbine generators, the configuration was practical and efficient. However, in recent years, Operations’ reliance on steam has reduced, and, in 2019, after a failure of High Lift Pump A’s gearbox, staff converted the steam driven pump to a pump with an electrically driven motor by procuring and installing one. In the following years, Pump B, the other steam-driven pump, experienced multiple failures, but maintenance staff returned the turbine to service each time. With that came the recommendation to replace the steam turbine with an electric motor to match Pump A. Staff requested a proposal from the contractor to purchase and install an electric motor on Pump B and commission the pump and motor at the same time. Performing this work at the same time maximizes efficiency and minimizes liability for staff; and

**WHEREAS**, the Board by R-100-2023 ratified Change Order 4 on September 20, 2023 increasing the Contract Amount by \$461,310.49. Change Order 4 included the coating and waterproofing of the Panola Pumping Station Clearwell. The Panola Pumping Station Structure, nearly a century old, still consists of the original structural elements and concrete finish. In a move to be proactive, staff evaluated the structure and decided to add an epoxy coating to the clearwell of the station, which is the suction bay for the pumps. Staff determined that for this construction, the clearwell was isolated and empty for the first time in decades, and required a significant amount of effort to accomplish; and

**WHEREAS**, the Board by R-011-2024 ratified Change Order 5 on January 17, 2024, increasing the Contract Amount by \$87,673.02. Change Order 5 included the repair to a sewer line and cleanout to the NORD Facility on Leonidas St. adjacent to the site, the abandonment of vents and a trench inside the Panola Pumping Station, and a resolution to a conflict with a bypass line and a pilaster; and,

**WHEREAS**, the Board by R-116-2024 ratified Change Order 6 on September 18, 2024, increasing the Contract Amount by \$909,504.54. Change Order 6 included the adjustments to a pipe support to resolve a conflict, modifications to the seal water and vacuum piping system, relocation of the flow control valve power unit, changes to the priming procedure, changes to the pump wear and casing rings for the Panola Pumps, installation of new sluice gates for the Panola Clearwell, and coating of the suction pipes in the Panola Clearwell; and,

**WHEREAS**, this Change Order 7 includes an adjustment of time for delays in additional inspections required to complete the Panola Pumping Station work. This Change Order also includes work done on a Time and Materials basis to make adjustments for the work being performed in the area of the High Lift Pumping Station. This area, being one of the oldest of the Carrollton Water Treatment Plant, has significant undocumented underground utilities, including water and drain lines, along with electrical duct banks. Under the guidance of Staff, the Contractor had to work around these existing utilities or reroute them to avoid disruption of Operations. Staff directed the Contract to perform the Work and have this Change Order Ratified by the Board of Directors. This Change Order increases the Contract Amount by \$335,136.02 for a revised Contract Amount of \$22,360,010.53 and extends the Contract 140 Days to April 30, 2025, bringing the total Change Order Amount to \$2,230.010.53 or 11.1% of the Original Contract Amount.

**NOW THEREFORE BE IT RESOLVED**, Change Order No. 7 for Contract 1376 is hereby ratified by the Sewerage and Water Board of New Orleans, increasing the Contract Amount by \$335,136.02 for a revised total Contract Amount of \$22,360,010.53 and adds 140 days to the contract time with an end date of April 30, 2025.

---

I, Ghassan Korban, Executive Director,  
Sewerage and Water Board of New Orleans,  
do hereby certify that the above and foregoing  
is a true and correct copy of a resolution adopted  
at the Regular Meeting of said Board,  
duly called and held, according to law, on  
February 19, 2025

**Purpose and Scope of the Contract:**

*The contemplated project consists of general construction of the High Lift Pump Room and Panola Pump Station improvements. This work includes rebuilding existing pumps, upgrading the vacuum priming systems, concrete meter structures, valve and meter vaults, yard piping, earthwork, electrical, control and instrumentation equipment and integration and miscellaneous appurtenances. Work is at the Carrollton Water Purification Plant at 8800 S. Claiborne Ave for the Sewerage and Water Board of New Orleans, Owner.*

**Reason for Change:**

Error/Omission	Differing Site Condition <input checked="" type="checkbox"/>	Regulatory Requirement
Design Change	Other <input checked="" type="checkbox"/>	

**FCO-025 - Panola Delay Time** RFC-023 was submitted by the contractor requesting 39 additional days, without cost, be added to the contract duration because of delays caused by additional inspections, certifications and cleaning of electrical equipment in Panola Station. Prior to placing the station into full operation SWBNO asked the contractor to provide inspection of the existing equipment to verify it was in good working condition. During these inspections, it was noted that routine cleaning was required prior to station certification and placing it on-line. The contractor provided these inspections and cleaning at no cost to the Board because it was performed during the contractor's final clean-up of their work. This additional work delayed the project's duration by 39 days since the start-up of the station is on the schedule's critical path. This delay occurred from 6/3/2024, when the contractor received the request to perform the additional inspections and cleaning, to the beginning of the 30-day run on 7/11/2024. **\$0.00 costs and 39 additional days without costs.**

**RFC-024 – High Lift T&M Work and Delay Time** During the prosecution of the work for the High Lift Pump Station it was determined that the as-builts for the existing utilities was inaccurate and missing significant amounts of information. The issues began in May 2023 when MRPG submitted RFI-019 High Lift Unforeseen Utilities. MRPG discovered multiple underground utilities not shown on the contract drawings that would conflict with the proposed work. These included multiple drain lines, water lines multiple duct banks, a copper line, gas and pump feeder lines, concrete encased pipes, duct banks, and leaking existing pipes that required extensive dewatering. Additional unforeseen utility conflicts were also found in December 2023 RFI 26 Additional High Lift Unforeseen Utilities. This required extensive exploratory work and excavations to locate the existing utilities, along with time to determine how to address the conflicts with the proposed work. MRPG was given direction to perform all related work on a time and materials basis. Late August 2024, after substantial completion of the Panola Pump Station, the contractor began work on the HLPs utilities. As anticipated, there were numerous other utilities not properly reflected on the as-built drawings. There are also a number of existing valves that cannot be closed as required for the work and while attempting to install needed line stops it was determined that several could not fit where designed based on the existing conditions and additional potholing was required to determine a new location. The requested delay days begins on August 22, 2024 to November 30, 2024. There will be additional delay days submitted at a later date. **\$335,136.02 and 101 delay days with 69 days with costs.**

**SEWERAGE AND WATER BOARD OF NEW ORLEANS  
OFFICE OF SPECIAL COUNSEL**

**February 19, 2025**

**To the Honorable President and Members of the Sewerage and Water Board of New Orleans:**

The following represents Legal Department's report of activities for December 2024.

**DECEMBER 2024 FURNISHING CONTRACTS**  
**EXECUTED BEFORE SPECIAL COUNSEL**

There were no fully executed furnishing contracts for December 2024.

**DECEMBER 2024 CIVIL SUITS FILED AGAINST BOARD**

Antonio Zavala v. SWBNO, et al; No. CDC 24-06327; Auto Liability

Bradley Earl Nodier v. SWBNO, et al; No. CDC 24-10582; Property Damages

Nelson Perdomo Flores v. SWBNO, et al.; No. CDC 24-8502; Auto Liability

**JANUARY 2025 FURNISHING CONTRACTS**  
**EXECUTED BEFORE SPECIAL COUNSEL**

There were no fully executed furnishing contracts for January 2025.

**JANUARY 2025 CIVIL SUITS FILED AGAINST BOARD**

Edward Evans, Jr. v. SWBNO, et al; No. CDC 25-00527; Personal Injury

**Respectfully submitted,**

**YOLANDA Y. GRINSTEAD  
SPECIAL COUNSEL**

January 2025

## SWBNO SAFETY REPORT

## Executive Summary

We are pleased to present the January 2025 Safety Report. The purpose of this report is to present data tracked by the Safety Department, Risk Management Office, Claims Office, Accident Review Board, and the Workers' Compensation Office, and to provide a summary of actions taken to improve employee safety and reduce risks in our operations. The data collected by the departments are analyzed on a monthly basis for both leading and lagging indicators to identify emerging risks, measure the impact of previously implemented policies, and to pinpoint areas of operations where additional safety training would be most beneficial.

In January, the Sewerage and Water Board stood with the City of New Orleans in the aftermath of a terrorist attack, providing personnel, bollards, barricades, heavy vehicles, and other equipment as requested by our partners at the city to bolster security in the immediate wake of the attack. The Security Division and several of its departments helped facilitate the exchange of information, provided logistical support, and cooperated with administrators at the New Orleans Office of Homeland Security and Preparedness, the Louisiana Governor's Office of Homeland Security and Preparedness, and our federal partners to ensure the Board contributed to the emergency response effectively and efficiently. As always, the Sewerage and Water Board of New Orleans employees who were called upon to take action did so professionally, going above and beyond the call to help our residents when they needed us most.

Please note that this report is the product of a collaboration between the Safety and Risk Management departments, and is broken down into five sections:

1. Safety
2. Accident Review Board
3. Workers' Compensation
4. Claims Office
5. Risk Management

## Safety Incident Investigation Report

Below is the Safety Incident Investigation tracking report for incidents that required a Safety Investigation. The report outlines the events leading up to the incident and recommended action to prevent the same type of incident from happening again. These incidents are included in the data reported on the usage of proper PPE and were the result of Safety Department investigations closed during the current reporting period, which do not necessarily represent incidents that occurred during the current reporting period.

Department	Date of Incident	Description	Recommended Action	Closed Date	Proper PPE Usage
Meter Shop	11/25/2024	Employee was attempting to exit a pickup truck bed when he slipped and injured his ankle.	The Safety Department recommends the following actions to prevent future incidents of this type: 1. Clean up oil and other slippery surfaces immediately after spills. 2. Train employees to avoid stepping on slippery or elevated surfaces, and provide proper working areas for all tasks. 3. Incorporate safety material handling and hazard identification protocols. 4. Use absorbent mats or anti-slip tape to reduce slip and fall risks.	1/10/2025	Yes
Drainage	1/23/2025	Employee was making rounds and leaned down to take a reading. Upon standing, the employee misjudged the distance to the switch gear and hit his head on the equipment.	The Safety Department recommends the following actions to prevent future incidents of this type: 1. Employees should check for obstructions, protruding shelves, and overhead objects when rising from a bending or stooping position in the workplace to ensure proper clearance to reduce the risk of injury. 2. Employees must always stay alert and use situational awareness when conducting checks inside and outside of Drainage/Sewer Pumping Stations. To be situationally aware, a person must perceive that there is a hazard or danger, comprehend how that danger poses a threat to them, and project how best to navigate that danger to stay out of harm. The Safety Department recommends increasing alertness in the work environment by utilizing proper lighting, temperature, and identifying safety hazards in physical surroundings. 3. Managers should implement schedules to allow frequent opportunities for rest breaks and nighttime sleep during declared emergencies to ensure workers are not fatigued when conducting tasks and safety checks. Employees, supervisors, and managers must recognize and avoid employee fatigue in the workplace.	1/30/2025	Yes

# Safety

## Safety Training

The Safety Department has conducted the following safety training since last month:

Clothing and Safety

## Safety Coordinators

Completed 45 jobsite visits and inspections.

## Safety Liaison Program

The Safety Liaison Program participants completed 12 Job Hazard Analyses.

## Safety Hazard Issues

There were no safety hazards reported.

## Safety Investigations

There were two safety investigations closed this month.

## Accident Review Board

2007-2025

The Purpose and Mission of the Accident Review Board is to reduce the number of safety related incidents and injuries to Sewerage and Water Board equipment and staff. We strive to reduce incidents by recognizing areas that need improvement and create training opportunities to mitigate any future incidents.

The graph reflects the information collected in the Safety Unit, ARB folders with 10 or more accidents from 2007-2025 by Department Organization Codes. Please see the next page for ARB Classification Descriptions.

\*2025 data still in review

Accident Review Board Data

\*Chart lists departments with 10 or more incidents.

- 6001-Networks Zone 1
- 6002-Networks Zone 2
- 6003-Networks Zone 3
- 6004-Networks Zone 4
- 6005-Networks Zone 5
- 6006-Networks Zone 6
- 6007-Networks Zone 7

# ARB CLASSIFICATION DESCRIPTIONS

## Offense Classifications

A preventable “Vehicle”, “Heavy Equipment” and “Non-Vehicular” accident falls into one of three classifications, Class I, II, or III, defined as follows:

- **Class I Accident** is an accident in which the involved employee(s) shared a portion or all the responsibility for its occurrence. The potential severity of a Class I accident is considered by the ARB to be minor in nature. A Class I accident remains on an employee’s record for one (1) year.
- **Class II Accident** is an accident in which the involved employee(s) shared a portion or all the responsibility for its occurrence. The potential severity of a Class II accident is considered by the ARB to be of serious consequence. A Class II accident remains on an employee’s record for two (2) years.
- **Class III Accident** is an accident in which the involved employee(s) has flagrantly disregarded traffic laws and safe driving or operational practices. Any accident in which there is the potential for loss of life, severe, and long-lasting debilitating injuries and/or extensive property damage is classified as a Class III accident. A Class III accident remains on an employee’s record for three years.

## ARB HEARING OUTCOMES

January 2025 Accident Review Board Findings					
Type of Incident	Number of Incidents	Assigned Defensive Driving	Issued Warning Letter	Recommended Suspension	Specific Training Assigned
<b>Non-Preventable</b>	<b>8</b>				
<u>Class 1:</u>	<b>6</b>				
<b>Misjudged Clearance</b>	<b>3</b>	<b>0</b>	<b>3</b>	<b>0</b>	
<b>Improper lane Usage</b>	<b>1</b>	<b>0</b>	<b>0</b>	<b>1</b>	
<b>Unsafe Backing</b>	<b>1</b>	<b>0</b>	<b>1</b>	<b>0</b>	
<b><u>Failure to secure veh.</u></b>	<b>1</b>	<b>0</b>	<b>0</b>	<b>1</b>	
<b><u>Unsafe Following distance</u></b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>	
<b><u>Failure to yield</u></b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>	
<b><u>Unsafe turning</u></b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>	
<u>Class II:</u>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>	
<b>Disregarded signal</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>	
<u>Class III:</u>	<b>0</b>				
<b>Misjudged Clearance</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>	

These findings represent the outcomes of hearings held in this reporting period, and do not necessarily relate to incidents which occurred in the reporting period.

## Workers' Compensation Monthly Claims Statistics

### JANUARY 2025 WORKERS' COMPENSATION CLAIMS

Medical Only: All three claims required medical treatment only and the employees returned to work within a week.

Lost Time: There were no reported claims that required medical treatment and paid wages as no employees were not able to return to work within the week of the injury.

Goal: The Safety Department will evaluate claims in a timely manner that ensures proper Personal Protective Equipment (PPE) and safety training are made available to department managers to reduce accidents. The Workers' Compensation Office will evaluate claims in a timely manner that ensures prompt medical treatment so that employees are returned into the workforce as efficiently and medically stable as possible. This will aid in maintaining an active and healthy workforce.

## Workers' Compensation Claims Tracking

### Total Open Claims by Date\*

<b>Number of Open Claims (01-02-2025)</b>	<b>Number of Open Claims (01-27-2025)</b>	<b>Net Change</b>
15	14	-1

### Total Extended Open Claims by Date (Claims Open Longer than One Year)

<b>Number of Extended Open Claims (01-01-2025)</b>	<b>Number of Extended Open Claims (02-01-2025)</b>	<b>Net Change</b>
11	11	0

\*Number of claims are captured on payroll dates and are based on total weekly and bi-weekly payroll indemnity recipients, and do not include medical-only claims.

July 19, 2019	November 19, 2024	\$138,473.82	\$10,000.00	\$148,473.82	\$40,000.00	<b>\$108,473.82</b>

**Total projected savings for claims settled since October 2021: \$8,080,853.33**

These claims include those that had open payroll indemnity benefits; settlement of medical-only claims is not included. Underlined dates represent settlements finalized in the current Safety Report's reporting period.

\*Although there was no statutory future indemnity exposure, indemnities were still being paid, and would have continued to be paid in the absence of settlement or termination of indemnities, which likely would have resulted in litigation and associated costs.

## Claims Office

### External Claims:

There has been report of **3** total claims since last month's report. These claims include property damage and personal injury external claims from members of the public and do not include employee claims. Compared to January 2024's total of 8 claims for the year, the claims decreased by 5.

**All Major Claims (claims with a demand in excess of \$5,000.00 in damages) are listed below:**

Property Damage Claims: None.

### External Claims Received by Month: 2023-2025

Year	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sept	Oct	Nov	Dec	Total
2025	3												3
2024	8	8	5	3	11	8	8	11	4	5	6	1	78
2023	3	3	3	2	4	3	8	13	9	7	5	2	62

## 2025 Opened and Closed Damage Claims

Month	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sept	Oct	Nov	Dec	Total
Received Claims	3												3
Closed Claims	5												5

## 2024 Opened and Closed Damage Claims

Month	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sept	Oct	Nov	Dec	Total
Received Claims	8	8	5	3	11	8	8	11	4	5	6	1	78
Closed Claims	8	3	8	16	9	13	9	8	8	7	4	8	101

### Open Claims By Incident Year and Status

Year, Number of Claims	Status
2023, 0 Claims	N/A
2024, 10 Claims	In Review
2025, 0 Claims	N/A
10 Claims	<b>TOTAL</b>

### Open Claims By Type

Number of Claims	Type
10 Claims	Property Damage
0 Claims	Personal Injury
0 Claims	Auto Liability
10 Claims	<b>TOTAL</b>

## External Personal Injury Claims

There has been report of 1 external personal injury claim since last month's report. These claims include those made by members of the public and do not include employee claims. Compared to last month's report of 0 total personal injury claims, the incidents increased by 1, and increased by 1 for the year as compared to January 2024.

**All Major Incidents (claims with a demand in excess of \$5,000.00 in damages) are listed below:**

None.

External Personal Injuries Claims: 2024 and 2025													
Year	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sept	Oct	Nov	Dec	Total
2025	1												1

#### ANALYSES CONDUCTED BY EDBP

For the month of January 2025, there were no Goods and Services proposals with DBE participation awarded.

For the month of January 2025, there was one Professional Services proposal presented for review: **2025-SWB-105 Program Management for the Lead Line Replacement Program**. Six responses were received, with three proposals selected for oral presentations at a meeting to be held in March, 2025.

For the month of January 2025, there was one Construction bid proposal with DBE participation to review.

#### Contract #2024-SWB-83; Lead Service Line Replacement for Schools and Residential Connections

On Friday, January 3, 2025, eight (8) bids were received for subject contract. The bid totals are as follows:

<b>Wallace C. Drennan, Inc</b>	<b>\$4,988,200.00</b>
<b>Fleming Construction Co., LLC</b>	<b>\$6,254,000.00</b>
<b>CMG Pipelines, Inc.</b>	<b>\$6,550,000.00</b>
<b>Hard Rock Construction, LLC</b>	<b>\$6,550,000.00</b>
<b>BLD Services, LLC</b>	<b>\$8,682,000.00</b>
<b>RNGD Infrastructure, LLC</b>	<b>\$9,422,000.00</b>
<b>Murphy Pipeline Contractors, LLC</b>	<b>\$10,710,000.00</b>
<b>Cycle Construction, LLC</b>	<b>\$13,173,400.00</b>

Thirty-Seven percent DBE (37%) participation was established for this project. Twenty-three percent (23%) MBE and Fourteen percent (14%) WBE inclusion was a stipulated consideration by LA Department of Health for funding of this project.

The apparent lowest bidder **Wallace C. Drennan, Inc**, submitted the following subcontractors:

C&M Construction Group, LLC (eligible certified SLDBE) to perform Municipal & Public Works Construction; Concrete & Asphalt  
\$1,750,000.00 – 35.08%

Prince Dump Truck Service, LLC (eligible certified SLDBE) furnishing and spreading of sand & aggregate materials; trucking and hauling services  
\$150,000.00 – 3.01%

Total DBE Participation: \$1,900,000.00 — 38.09%  
LA Department of Health DBE Form 1,2,3,4, and 5 are included in lieu of EDBP Participation Summary sheet.

The apparent second lowest bidder, **Fleming Construction Co., LLC**, submitted the following subcontractors:

Dieudonne Enterprise, Inc. (eligible certified SLDBE) to perform Concrete paving, and related items  
\$800,000.00 – 12.79%

Cooper Contracting Group, LLC (eligible certified SLDBE) to replace lead water services, asphalt and concrete restoration  
\$1,500,000.00 – 23.98%

Total DBE Participation: \$2,300,000.00 — 36.77%  
LA Department of Health DBE Form 1,2,3,4, and 5 are included in lieu of EDBP Participation Summary sheet.

Based upon analysis of DBE participation, the Economically Disadvantaged Business Program recommends that the DBE participation submitted by **Wallace C. Drennan, Inc**, be considered as responsive and that the DBE participation submitted by **Fleming Construction Co., LLC** be considered as non-responsive to meeting EDBP bid requirements.

### **CONSTRUCTION REVIEW COMMITTEE RECOMMENDATIONS**

The Construction Review Committee (CRC) did not convene in the month of January because there were no new construction projects presented to EDBP for review.

### **STAFF CONTRACT REVIEW COMMITTEE RECOMMENDATIONS**

The Staff Contract Review Committee convened on Thursday, January 9, 2025, and made the following recommendations:

#### **OPEN MARKET CONTRACTS**

##### **1. REQUEST FOR FURNISHING PEST & RODENT CONTROL SERVICES FOR THE SEWERAGE AND WATER BOARD**

Budget Amount:	\$ 50,000
Renewal Option(s):	Two (2) One-Year Renewals
Recommended DBE Goal:	30%

#### **RFP/RFO**

##### **2. REQUEST FOR DRAINAGE SYSTEM CLEANING MANAGEMENT, INSPECTION, AND EVALUATION SERVICES**

Budget Amount:	\$ 500,000
Renewal Option(s):	N/A
Recommended DBE Goal:	35%

#### **RENEWALS**

##### **3. REQUEST FOR FURNISHING PARKING SPACES**

Budget Amount:	\$ 96,000
Renewal Option(s):	Third of Five (5) One - Year renewal options
Recommended DBE Goal:	0%
Justification:	Does Not lend itself to DBE participation

For the month of January 2025, there was one construction contract with DBE participation offered for Final Acceptance.

##### **❖ Contract #1418 - Carrollton Water Purification Plant Utility Rack**

DBE Goal:	20.00%
DBE Participation Achieved:	22.56%
Prime Contractor:	M.R. Pittman Group, LLC
Closeout Date:	February 2025

EDBP recommends acceptance of DBE participation and approval for Final Acceptance.

In September 2024, two projects were reported to Board for final acceptance. However, EDBP did not include these projects in its monthly report. The department's review is as follows:

❖ **Contract #2150 - Leonidas & Fig Transmission, TM006**

DBE Goal:	5.00%
DBE Participation Achieved:	5.94%
Prime Contractor:	Wallace C. Drennan, Inc.
Closeout Date:	August 2024

EDBP accepts the DBE participation and recommends Final Approval.

❖ **Contract #30227 - Mid-City Basin #1 Sewer Rehabilitation**

DBE Goal:	36.00%
DBE Participation Achieved:	27.13%
Prime Contractor:	Fleming Construction Company, LLC.
Closeout Date:	August 2024

The prime contractor did not meet the 36% Goal established for this project. Prime contractor submitted a justification letter explaining the effect of elimination of particular line items and addition of emergency work altered the opportunities for expected DBE participation. The statements were corroborated by SWBNO and consulting project managers. EDBP recommends acceptance of DBE participation and supports approval of Final Acceptance rendered by the Board of Directors at its meeting on September 18, 2024.
