HONORS AND AWARDS

NONE

REPORT OF THE EXECUTIVE DIRECTOR

The Executive Director, Mr. Cedric S. Grant presented a slide overview which focused on the Sewerage and Water Board/City of New Orleans 100 Day Integration Plan Status Update, which focused on the following Six Principles:

- Organizational Change
- > Infrastructure Management Integration
- > Environmental Management Integration
- > Financial Integration
- Business Process Integration
- > Intergovernmental Integration

He also discussed the launch of a new website coordinated by the Sewerage and Water Board of New Orleans and the City of New Orleans coming soon, that would allow citizens to see every project going on in the city, traffic patterns associated with those projects, and how to basically get around town for the next three or four years.

COMMITTEE REPORTS

OPERATIONS COMMITTEE

Mr. Marion Bracy reported on the summary and actions taken by the Operations Committee. The Operations Committee Report for the month of December was presented and recommended for approval.

The President Pro Tem, Mr. Wm. Manning stated that since there was no action taken at the Operations Committee Meeting, there is no need for approval. Due to a loss of a quorum, all action items of December's Operation Committee were forwarded to the Executive Committee.

FINANCE COMMITTEE

Mrs. Robin Barnes reported on the summary and actions taken by the Finance Committee. The Finance Committee Report for the month of December was presented and recommended for approval.

Mrs. Barnes stated I understand that subsequent to this meeting there has been a change.

The General Superintendent, Mr. Joseph Becker stated it is appropriate that we accept the minutes and then discuss the change.

The Special Counsel, Mr. Nolan Lambert maintained it would be appropriate for the Board to accept the report, the minutes of the report, and then to have some discussion on the actual recommendations in a separate motion.

• Mr. Scott Jacobs <u>moved</u> acceptance of the Finance Committee Report. Ms. Kimberly Thomas seconded the motion. The motion carried.

Mr. Joseph Becker stated, as Mrs. Barnes has indicated, there were seven contracts that staff recommended for approval. One of those contracts was for furnishing and delivering various construction equipment and trailers. Subsequent to the committee meeting, Item 3 was awarded to Duhon; however, Duhon submitted a smaller capacity than we had specified in the contract. And for this reason, staff is recommending changing Item 3 from Duhon to Lee Tractor. It is staff recommendation for the Board to approve awarding Item 1 to Duhon Machinery in the amount of \$48,500.00 and that we have an award to Items 2 and 3 for Lee Tractor in the amount of \$143,597.00.

• Mr. Scott Jacobs <u>moved</u> to accept staff recommendations regarding changes with Items 1, 2 and 3 re: Duhon and Lee Tractor contracts. Mrs. Robin Barnes seconded the motion. The motion carried.

Mr. Nolan Lambert maintained the Board would need another motion to accept the remainder of the recommendations of the Finance Committee Report, therein.

 Mr. Scott Jacobs <u>moved</u> approval of all other recommendations of the Finance Committee Report, therein. Mr. Alan Arnold seconded the motion. The motion carried.

INFRASTRUCTURE COMMITTEE

Dr. Tamika Duplessis reported on the summary and actions taken by the Infrastructure Committee. The Infrastructure Committee Report for the month of December was presented and recommended for approval.

Mr. Alan Arnold noted a correction within the summary report regarding the last statement; Mrs. Barnes did not go on the trips, rather he did. He stated that January 2015 is too early to meet to discuss the green infrastructure projects; instead February 2015 would be a good time to meet.

Mr. Marion Bracy <u>moved</u> acceptance of the Infrastructure Committee Report and approval of the Infrastructure Committee recommendations, therein. Ms. Kimberly Thomas seconded the motion. The motion carried.

EXECUTIVE COMMITTEE

The Chairperson, Mr. Wm. Raymond Manning reported on the summary and actions taken by the Executive Committee. The Executive Committee Report for the month of December was presented and recommended for approval.

Mr. Alan Arnold <u>moved</u> acceptance of the Executive Committee Report and approval of the Executive Committee recommendations, therein. Mr. Marion Bracy seconded the motion. The motion carried.

ADJOURNMENT

There being no further business the meeting adjourned.

State of Louisiana

Department of Health and Hospitals Center for Community and Preventive Health

Algiers Water System Attn: Vincent P. Pouchi, Jr. 8800 S Claiborne Ave., New Orleans, LA 70118

Dear Sir,

The Louisiana Department of Health and Hospitals is pleased to announce that the Algiers Water System has been awarded a Water Fluoridation Quality Award from the U.S. Centers for Disease Control and Prevention (CDC). The award recognizes those communities that achieved excellence in community water fluoridation by maintaining a consistent level of fluoridated water throughout 2013. For 2013, a total of 2,184 public water systems in 33 states received these awards, including twenty-two in Louisiana.

"Community water fluoridation continues to be proven to prevent tooth decay throughout people's lives," stated Katherine Weno, DDS, JD, Director, CDC Division of Oral Health. "Since CDC began our fluoridation awards program in 2002, an increasing number of states have worked closely with their community water systems to ensure proper management of their water fluoridation programs."

Community water fluoridation has been recognized by CDC as one of 10 great public health achievements of the 20th Century. Currently, nearly three-quarters (74.6 percent)—or 210 million people—served by community water systems have access to optimally fluoridated tap water. CDC recommends water fluoridation as a safe, effective, and inexpensive method of preventing decay. In fact, every \$1 invested in fluoridation saves at least \$38 in costs for dental treatment.

Again, we want to congratulate you on receiving the Water Fluoridation Quality Award from the U.S. Centers for Disease Control and Prevention (CDC).

Michelle M. Wales, MPA Oral Health Program Manager
