Re:

Renewal of Fleet Physical Damage Insurance

This insurance is aligned with the Board's objective of protecting its assets, especially with regard to major catastrophic events. The coverage is approved by FEMA. Attached please find:

- 1. Quote Sheet from Broker
- 2. Current Resolution

Five major carriers declined to submit a quote, and one carrier was vastly non-competitive.

Of the three options offered by Lexington, Option 1 reduces our premium by \$8,417.51 despite our higher insured limit (due to the purchase of new vehicles.) Option 1 also allows us to keep our lower \$150,000 deductible, and significantly, it expands coverage to provide replacement cost on any total loss vehicle two years old or newer. Prior to this, we have only been offered actual cash value coverage.

The other options merely raise our deductible significantly without an appropriate savings for the increased risk. We, therefore, recommend purchase of Lexington Option 1, with a new premium of \$200,826.54, for a savings of \$8,417.51, or 4%.

Respectfully.

FLEET PHYSICAL DAMAGE INSURANCE

WHEREAS, the Sewerage and Water Board of New Orleans wishes to purchase Fleet Physical Damage insurance to cover the period May 20, 2016 to May 20, 2017; and

WHEREAS, the Board has maintained Fleet Physical Damage policies in effect since 2007, in compliance with FEMA Obtain and Maintain insurance requirements; and

WHEREAS, the Board requested its insurance broker, Eagan Insurance, to secure price quotations for such a policy; and

WHEREAS, Eagan Insurance has obtained an insurance quote of \$200,826.54 from Lexington Insurance for the expanded coverage, representing an \$8,417.51 reduction in premium with the retention of the same \$150,000 deductible level;

NOW THEREFORE, BE IT RESOLVED that the Executive Director of the Sewerage and Water Board of New Orleans is hereby authorized and directed to purchase Fleet Physical Damage insurance coverage by Lexington Insurance through the Board's insurance broker, Eagan Insurance, for a total of \$200,826.54.

I, Cedric S. Grant, Executive Director of the Sewerage and Water Board of New Orleans, do hereby certify that the above and foregoing is a true and correct copy of a Resolution adopted at the Regular Meeting of the said Board, duly called and held, according to law, on April 20, 2016.

SEWERAGE AND WATER BOARD Inter-Office Memorandum

Date:

April 1, 2016

To:

Sharon Judkins, Deputy Director of Human Resource

From:

Steven Klepeis, Risk Manager

Re:

Renewal of Property Insurance

PURPOSE:

This insurance is aligned with the Sewerage and Water Board objective of protecting its vital assets, as well as its business continuity and sustainability, especially from damages related to wind, fire, lightning, explosion and other named perils. The coverage and schedule of locations are approved by FEMA as the Sewerage and Water Board of New Orleans Property Insurance Plan.

ASSESSMENT OF QUOTED OPTIONS:

Option #1: All limits and coverage remain the same. Deductible remains at \$15 million minimum or 10% of affected buildings total value, whichever is greater. Premium savings over last year: \$115,452.21

Option #2: All limits and coverage remain the same. Deductible drops to \$10 million minimum or 10% of affected buildings total value, whichever is greater. Premium savings over last year: \$66,269.71

Option #3: All limits and coverage remain the same. However, the two incumbent carriers for the primary (first) \$10 Million of coverage are replaced by a single new carrier. In addition, the deductible drops to \$500,000 minimum or 5% of affected buildings total value, whichever is greater.

Premium savings over last year: \$29,599.21

RECOMMENDATION:

We recommend Option #3. While it is tempting to choose the option with the largest savings, a simple comparison of risk versus outcome reveals that the incumbent coverage does not offer a return on investment comparable to that of Option #3. With Option #3, we can take advantage of the softening of the market and obtain this insurance with a better cost/benefit ratio, in the event of loss.

2015-2016 Current Property Premium SWBNO

The current property policy indicated below is layered between 5 carriers: ACE Westchester, Westport/Swiss Re, Homeland, RSUI, Hiscox (Terrorism). ACE and Westport make up the first \$10M of the \$100M of coverage. Currently, these carriers provide \$10M in catastrophic losses with a \$15M minimum deductible. The remaining \$90M in coverage is split between Homeland and RSUI with a \$1M AOP (any other peril) per occurrence deductible.

PROPERTY INSURANCE RENEWAL FOR 2015-2016

WHEREAS, the Sewerage and Water Board of New Orleans ("Board") desires to maintain its Commercial Property Insurance to protect its properties and equipment from damage due to wind, named windstorm, fire, lightning and other named property insurance perils, with reasonable limits which are also in compliance with FEMA's Obtain and Maintain insurance requirements; and

WHEREAS, ongoing cooperation with FEMA has established the properties in our insured property schedule for the period May 20, 2016 to May 20, 2017 which remain unchanged; and

WHEREAS, the Board previously paid a premium of \$656,369.10 to insure its property with a \$100 million total limit and a \$15 million minimum deductible; and

WHEREAS, the Board's broker, Eagan Insurance, has now obtained an insurance renewal total quotation from Lexington Insurance, Homeland Insurance, RSUI Insurance, and Hiscox Insurance for an annual total premium of \$626,796.89, which is a reduction in annual premium of \$29,599.21, or 4.5%, from the previous year total premium; and

WHEREAS, the said renewal quotation from Lexington et al. dramatically reduces the minimum deductible to \$500,000, a reduction of \$14.5 million;

NOW, THEREFORE, BE IT RESOLVED that the Board authorizes the Executive Director of the Sewerage and Water Board of New Orleans to purchase Commercial Property Insurance as described through Eagan Insurance, for the period May 20, 2016 to May 20, 2017 for the total annual premium of \$626,796.89.

I, Cedric S. Grant, Executive Director,
Sewerage and Water Board of New Orleans,
do hereby certify that the above is a true and
correct copy of a resolution adopted at the Regular
Meeting of the Board, duly called and held,
according to law, on April 20, 2016.

Re:

Finance and Administration Committee Agenda Item –

RFP for Security Guard Service

This is a request to place this matter on the agenda of the Finance and Administration Committee as an action item. It is recommended by the Selection Committee that the contract to provide Security Guard Service be awarded to Professional Security Corporation.

On February 3, 2016, Sewerage & Water Board of New Orleans issued a public notice as required announcing the Request for Proposals for the Security Guard Service contract. A mandatory pre-bid conference was held on February 18, 2016 at the Sewerage & Water Board of New Orleans, 625 St. Joseph Street, 2nd floor, Board Room. The public notice listed the submission deadline for bid respondents as no later than 4:00pm on March 3, 2016.

On March 22, 2016, the Selection Evaluation Committee held an open meeting wherein eight responses to the RFP for Security Guard Service were reviewed and evaluated. Based upon the Selection Evaluation Committee's evaluation, the Committee recommended Professional Security Corporation for approval by the Members of the Board to serve as the Security Guard Service for the Board.

Therefore, it is requested that this matter be placed on the agenda of the Finance and Administration Committee as an Action Item.

RESOLUTION TO APPROVE THE AWARDING OF THE SECURITY GUARD SERVICES CONTRACT TO PROFESSIONAL SECURITY CORPORATION TO PROVIDE ARMED SECURITY GUARDS AT BOARD FACILITIES

WHEREAS, on February 3, 2016, Sewerage & Water Board of New Orleans issued a public notice as required announcing the Request for Proposals for the Security Guard Service contract; and

WHEREAS, a mandatory pre-bid conference was held on February 18, 2016 at the Sewerage & Water Board of New Orleans, 625 St. Joseph Street, 2nd floor, Board Room; and

WHEREAS, the public notice listed the submission deadline for bid respondents as no later than 4:00pm, on March 3, 2016; and

WHEREAS, on March 22, 2016 the Selection Evaluation Committee held an open meeting wherein eight responses to the RFP for Security Guard Service were reviewed and evaluated; and

WHEREAS, based upon the Selection Evaluation Committee's evaluation, the Committee recommended Professional Security Corporation for approval by the Members of the Board to serve as the Security Guard Service for the Board.

NOW, THEREFORE, BE IT RESOLVED that the President or President Pro-Tem is hereby authorized to execute, on behalf of the Sewerage & Water Board of New Orleans, an agreement with Professional Security Corporation to provide security guard services at the Sewerage & Water Board facilities.

I, Cedric S. Grant, Executive Director, Sewerage and Water Board of New Orleans, do hereby certify that the above and foregoing is a true and correct copy of a resolution adopted at the Regular Monthly Meeting of said Board, duly called and held, according to law, on April 20, 2016.

Re: Financial Results through February 2016

Attached are the Statement of Revenues, Expenses, and Changes in Net Position with budget and prior year comparisons for the water, sewer, drainage and total systems through February 2016. The Variance Indicators for Financial Results through February 2016 is also attached. The Statement of Net Assets and the Statement of Cash Flows will be provided after the completion of the 2015 audit.

Operating Revenues:

Water System Fund (pages 7 and 8, line 5) for February of \$7,451,467 is \$55,041 or 0.7% more than budgeted and \$1,433,547 or 23.8% more than February 2015. Actual readings for February bills partially offset lower estimated readings for January bills but remained lower than budget due to the shortness of the February billing cycle.

Sewer System Fund (pages 13 and 14, line 5) for February of \$8,940,108 is \$127,780 or 1.5% more than budgeted and \$1,353,135 or 17.8% more than February 2015. February YTD operating revenues of \$15,786,804 is \$1,837,852 or 10.4% less than budgeted and \$288,832 or 1.9% more than February YTD 2015. Actual readings for February bills partially offset lower estimated readings for January bills but remained lower than budget due to the shortness of the February billing cycle.

Drainage System Fund (pages 19 and 20, line 5) for February of \$2,412 is \$2,412 or 100.0% more than budgeted and \$906 or 60.2% more than for February 2015. February YTD operating revenue of \$5,561 is \$5,561 or 100.0% more than budgeted and \$2,414 or 76.7% more than for February YTD 2015.

Total System Funds (pages 1 and 2, line 5) for February of \$16,393,987 are \$185,233 or 1.1% more than budgeted and \$2,787,588 or 20.5% more than February 2015. February YTD operating revenues of \$29,334,736 is \$3,082,773 or 9.5% less than budgeted and \$990,679 or 3.5% more than February YTD 2015.

Operating Expenses:

Water System Fund (pages 7 and 8, line 18) for February of \$5,577,184 is \$2,540,962 or 31.3 % less than budgeted and \$886,682 or 18.9% more than February 2015. February YTD operating expenses of \$12,216,521 is \$4,019,772 or 24.8% less than budgeted and \$2,253,841 or 22.6% more than February YTD 2015.

Sewer System Fund (pages 13 and 14, line 18) for February of \$4,957,507 is \$1,581,257 or

24.2% less than budgeted and \$948,258 or 23.7% more than February 2015. February YTD operating expenses of \$9,386,352 are \$3,691,176 or 28.2% less than budgeted and \$1,213,070 or 14.8% more than February YTD 2015.

Drainage System Fund (pages 19 and 20, line 18) for February of \$3,356,182 is \$1,717,419 or 33.9% less than budgeted and \$834,580 or 33.1% more than February 2015. February YTD operating expenses of \$7,243,447 is \$2,903,755 or 28.6% less than budgeted and \$1,723,895 or 31.2% more than February YTD 2015.

Total System Funds (pages 1 and 2, line 18) for February of \$13,890,873 are \$5,839,638 or 29.6% less than budgeted and \$2,669,520 or 23.8% more than February 2015. February YTD operating expenses of \$28,846,320 are \$10,614,702 or 26.9% less than budgeted and \$5,190,805 or 21.9% more than February YTD 2015. Staffing increased by 32 employees or 3.0% from February 2015 while total salaries decreased by \$874,741 or 11.0% during that same period due to turnover of higher paid employees. Overtime remained at the same level as February 2015. Services and Utilities Expenses are lower than February 2015 due to timing of invoices.

Net Non-Operating Revenues:

Water System Fund (pages 7 and 8, line 28) for February of \$79,297 is \$45,922 or 137.6% more than budgeted and \$79,192 or 75637.4% more than February 2015. February YTD income before capital contributions of \$2,931,154 is \$216,170 or 8.0% more than budgeted and \$18,126,260 or 86.1% less than February YTD 2015.

The balances of funds from the Series 2014 bond proceeds available for capital construction as of January 31, 2016 are:

	Water	Sewer	Total
Original Balance	\$6,372,607.67	\$1,401,919.30	\$7,774,526.97
Less Disbursements	. —	_	(#.)
Plus Reimbursements	9,000,175.63	7,775,120.51	16,775,296.14
Plus Income	11,110.54	1,899.02	13,009.56
Ending Balance	\$15,383,893.84	\$9,178,938.83	\$24,562,832.67

The balances of the water and sewer bond funds increased during February as a result of reimbursements received from FEMA and return of previously requisitioned funds. Staff has performed a comprehensive and detailed review of all capital expenditures and determined that a portion of previously requisitioned funds were for expenditures with a useful life shorter than required for tax-exempt bond funds. We anticipate that the remaining balances of the Series 2014 bonds will be spent shortly.

The balances of funds from the Series 2015 bond proceeds available for capital construction as of January 31, 2016 are:

	Water	Sewer	Total
Original Balance	\$106,219,683.56	\$102,818,404.69	\$209,038,088.25
Less Disbursements	-	(5,000,000.00)	(5,000,000.00)
Plus Reimbursements	-	=	-
Plus Income	674.00	25,382.39	26,056.39
Ending Balance	\$106,220,357.56	\$97,843,787.08	\$204,064,144.64

The days-of-cash at February 29, 2016 were 239.9 for the water system, 305.3 for the sewer system, and 321.6 for the drainage system.

The projected coverage for the year ending December 31, 2016, based upon financial results through February 29, 2016, is 3.01 times for the water system and 2.46 times for the sewer system. This is well ahead of the budgeted targets for both systems.

The number of active customer accounts at the end of February 2016 was 134,136 which is 1,908 or 1.4% fewer customers than was forecast for this period in the 2011-2020 Financial Plan. The average monthly consumption during January 2014 through February 2016 was 1.107 billion gallons which is 31.317 million gallons or 2.8% less than was forecast for this period in the 2011-2020 Financial Plan. These statistics will be reflected in the update to the plan later this year.

Certification. In connection with the accompanying monthly financial report of the Sewerage and Water Board of New Orleans for the period ended February 29, 2016, I hereby certify that, to my knowledge, the information contained in the report fairly presents, in all material respects, the financial condition and results of the Board.

Sewerage and Water Board of New Orleans Total Number of Active Customer Accounts

EUM Attribute: Financial Viability

Description: Establish and maintain an effective balance between long-term debt, asset values, operations and maintenance expenditures, and operating revenues.

Constituency: Bondholders

Objective: Increase number of customer accounts according to financial plan and operating

Goal: 2% annual increase

budget

Currently Meeting Goal: Close

Process Operating Within Control Limits:

Trend: Favorable

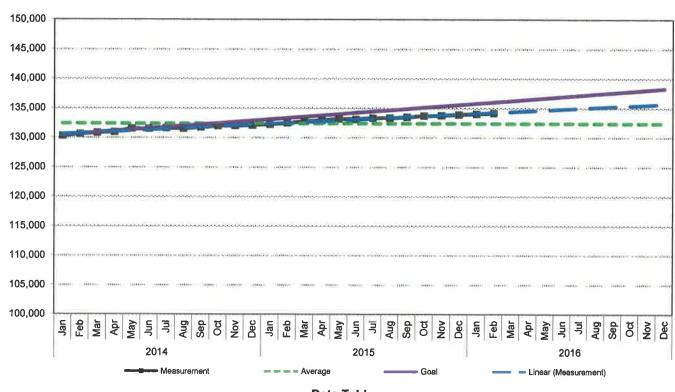

Yes

Analysis

Billed consumption is anticipated to increase as new customer accounts are added to the system and decrease as consumption per account decreases due to price elasticity of demand associated with annual rate increases, with total billed consumption remaining relatively level. The number of active accounts is slightly below the number targeted in the financial plan and operating budget.

Plans for improvement

Staff intends to continue to support economic develop activities led by the City of New Orleans.

Sewerage and Water Board of New Orleans **Total Billed Consumption**

EUM Attribute: Financial Viability

Description: Establish and maintain an effective balance between long-term debt, asset values, operations and maintenance expenditures, and operating revenues.

Constituency: **Bondholders**

Objective: Sell volume of water targeted in financial plan and

Goal: 1,150,000,000 gallons per month.

Currently Meeting Goal: Close

Process Operating Within Control Limits:

operating budget.

Trend: Level

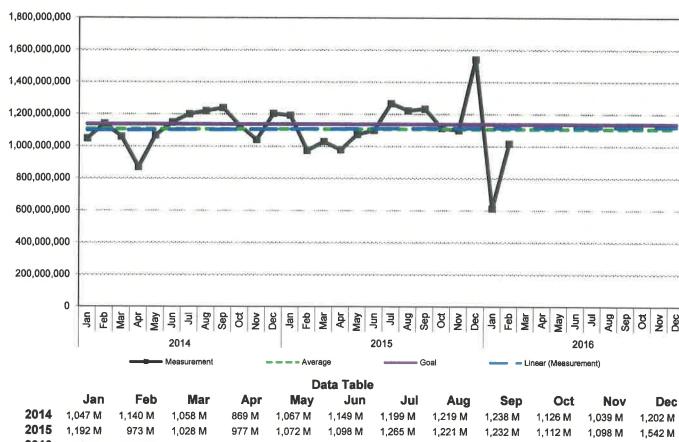

Close

Analysis

Billed consumption is anticipated to increase as new customer accounts are added to the system and decrease as consumption per account decreases due to price elasticity of demand associated with annual rate increases, with total billed consumption remaining relatively level. Average monthly total billed consumption is slightly below the volume targed in the financial plan and operating budget.

Plans for Improvement

Billed consumption may increase as older water meters are exchanged with newer, more accurate meters and as Field Account Review activities identify and correct customer account records to accurately reflect field conditions.

EDBP Contract/Certification Summary – March 2016

Analyses were conducted for State and Local DBE participation on the following contact(s):

Construction Contract(s)

The EDBP Department has reviewed the following contracts:

 Contract # 6254: Katrina Related Repairs of Main Power Room & Garage 2 Electrical at Central Yard (Contract Review Committee approved thirty- six percent (36%) SLDBE participation).

The bid totals are as follows:

Walter J. Barnes Electric Co., Inc.

\$1,114,000.00

Hi-Tech Electric, Inc. of Delaware

\$2,247,750.00

Based upon analysis of SLDBE participation, the Economically Disadvantaged Business Program recommends that the SLDBE participation submitted by Walter J. Barnes Electric Co., Inc., be accepted, and that the SLDBE participation submitted by Hi-Tech Electric, Inc. of Delaware be rejected.

2) Contract #1364: Elevated Storage Tanks for the Water Hammer Hazard Mitigation Project (Contract Review Committee approved five percent (5%) SLDBE participation)

The bid totals are as follows:

Cajun Constructors, LLC

\$35,238,000.00

Boh Brothers Construction Co., LLC

\$41,410,000.00

Based upon analysis of SLDBE participation, the Economically Disadvantaged Business Program recommends that the SLDBE participation submitted by Cajun Constructors, LLC and Boh Brothers Construction Co., LLC be accepted.

Professional Service(s)

The EDBP Department has reviewed the following contracts:

 Request for Proposals for Classification, Compensation, and Organizational Analysis Study (Staff Contract Review Committee approved thirty-five percent (35%) SLDBE participation).

The respondents are as follows:

Management Advisory Group International, Inc.

Square Button Consulting, LLC

Based on analysis of the SLDBE participation submitted, the Economically Disadvantaged Business Program recommends that the SLDBE participation of Management Advisory Group International, Inc. be accepted. The SLDBE participation of Square Button Consulting is non-responsive due to firm price not having been confirmed via signed correspondence from the SLDBE subcontractor on their own letterhead that reaffirms negotiated terms.

2) Request for Proposals for Security Guard Services (Staff Contract Review Committee approved thirty-five percent (35%) SLDBE participation).

The respondents are as follows:

Crescent Guardian, Inc.
Falcon Security Company
Gallagher Security Guard
Professional Security Corporation
Safeway Security Agency, Inc.
Showtime Bodyguard Etc., LLC
Vets Securing America, Inc.

Based on analysis of the SLDBE participation submitted, the Economically Disadvantaged Business Program recommendations are as follows: The SLDBE participation of Crescent Guardian, Inc., Falcon Security Company, Professional Security Corporation, Safeway Security Agency, Inc., Showtime Bodyguard Etc., LLC be approved. The SLDBE participation of Gallagher Security Guard, Inc. and Vets Securing America, Inc. be rejected due to failing to commit to the 35% SLDBE participation goal and not including notarized documentation of a Good Faith Effort.

Analysis - RFP Classification, Compensation and Organizational Analysis Study

The EDBP Department has reviewed two (2) bids and submitted to the Procurement Department on March 24, 2016 for the Sewerage & Water Board of New Orleans Contract – Request for Proposals for Classification, Compensation, and Organizational Analysis Study

The respondents are as follows:

Management Advisory Group International, Inc. Square Button Consulting, LLC

Thirty-five percent (35%) SLDBE participation goal was requested on this proposal.

Management Advisory Group International, Inc. submitted DMM & Associates, LLC (Board certified SLDBE) to provide on-site meetings, employee interviews, data collection and review, and client communications as the DBE subcontractor for \$55,650.00 dollar amount for 35% of the total amount of contract.

Square Button Consulting, LLC submitted Fazande Consulting, LLC (Board certified SLDBE) to provide compensation analysis, org. design, and classification review for \$83,200-\$114,000 dollar amount for 37% of the total amount of contract.

Based on analysis of the SLDBE participation submitted, the Economically Disadvantaged Business Program recommendations are as follows:

The SLDBE participation of Management Advisory Group International, Inc. is accepted.

The SLDBE participation of **Square Button Consulting, LLC** is non-responsive due to firm price not having been confirmed via signed correspondence from the SLDBE subcontractor on their own letterhead that reaffirms negotiated terms.

Open Market Contracts

One Time Service Only, 35% SLDBE Participation, no renewal options.

1. RFP for Human Relations Services

Estimated Cost:

\$200,000.00

Areas of Participation

Accounting, planning, interviewing, document organization and development of strategy.

Open Market, 5% SLDBE Participation, one (1) year with a one (1) year renewal option.

2. Furnishing Fire Extinguisher Service

Budget Amount:

\$60,000.00

Areas of Participation

Painted label stenciling

One Time Service Only, 0% SLDBE Participation, no renewal options.

3. RFP for Project Manager for Classification/Compensation/Organizational Analysis Study

Estimated Cost:

\$40,000.00

Percentage Goal Justification:

Does not lend itself to SLDBE participation because of the dollar value of the contract that it cannot be commercially divided into functionally useful

components.

Open Market, 0% SLDBE Participation, one (1) year with a one (1) year renewal option.

4. Furnishing Safety Shoes

Estimated Cost:

\$125,000.00

Percentage Goal Justification:

Does not lend itself to SLDBE participation because products are single items that are shipped and sold

directly from the manufacturer.

5. Furnishing # 1 All Purpose Rag Wipers

Budget Amount:

\$50,000.00

Percentage Goal Justification:

Does not lend itself to SLDBE participation because

product cannot be sub-divided.

Renewal Contracts

SLDBE Subcontractor:

\$148,778.00

SAV Trucking Services, LLC

Blakely AA Trucking, LLC

The DBE participation goal is 30.00%. The DBE participation achieved is .67%.

Over the course of the first year of this contract, the prime contractor only achieved .67% SLDBE participation. Because of this, the Staff Contract Review Committee rejected the renewal of this contract.

First and Final Renewal, 0% SLDBE Participation.

7. Furnishing and Delivering Automotive Batteries

Renewal Cost:

Prime Contractor:

\$56,922.27

Boones Auto and Truck Parts, Inc.

(dba/NAPA Auto Parts)

Percentage Goal Justification:

Does not lend itself to SLDBE participation because

product cannot be sub-divided.

Final Acceptance Contracts with SLDBE Participation

1. <u>Contract #3696: Cleaning & CCTV Inspection of Sanitary Sewer Mains at Scattered Sites within Orleans Parish</u>

The Prime Contractor is Blue Flash Sewer Service, Inc. The SLDBE participation goal is 36%. The SLDBE participation achieved is 5.15%.

Based upon the knowledge that the prime contractor submitted multiple mass emails and extended other invitations to SLDBE subcontractors to participate, and that two SLDBE companies were given the opportunity to participate, but lacked the capability or capacity to complete the project, the EDBP Department considers that Blue Flash has made a Good Faith Effort to meet the SLDBE participation goal.

The Economically Disadvantaged Business Program recommends that the participation on subject contract be approved for Final Acceptance.

2. <u>Contract #5221: Hurricane Katrina Related repairs to Pontchartrain Drainage Underpass Pumping Station</u>

The Prime Contractor is Lou-Con, Inc.

The SLDBE participation goal is 36%. The SLDBE participation achieved is 13.11%.

Based upon Sewerage and Water Board's project manager's review and affirmation of Lou-Con's written justification, the Economically Disadvantaged Business Program recommends that the participation on subject contract be approved for Final Acceptance.

3. Contract #5222: Hurricane Katrina Related repairs to Canal Blvd. Drainage Underpass Pumping Station

The Prime Contractor is Lou-Con, Inc.

The SLDBE participation goal is 36%. The SLDBE participation achieved is 13.76%.

Based upon Sewerage and Water Board's project manager's review and affirmation of Lou-Con's written justification, the Economically Disadvantaged Business Program recommends that the participation on subject contract be approved for Final Acceptance.

4. Contract #5223: Hurricane Katrina Related repairs to St. Bernard Ave. Drainage Underpass Pumping Station

The Prime Contractor is Lou-Con. Inc.

The SLDBE participation goal is 36%. The SLDBE participation achieved is 22.01%.

Based upon Sewerage and Water Board's project manager's review and affirmation of Lou-Con's written justification, the Economically Disadvantaged Business Program recommends that the participation on subject contract be approved for Final Acceptance.

5. <u>Contract #5226: Hurricane Katrina Related repairs to Franklin Ave. Drainage Underpass Pumping Station</u>

The Prime Contractor is Lou-Con, Inc.

The SLDBE participation goal is 36%. The SLDBE participation achieved is 29.90%.

Based upon Sewerage and Water Board's project manager's review and affirmation of Lou-Con's written justification, the Economically Disadvantaged Business Program recommends that the participation on subject contract be approved for Final Acceptance.

Analysis

The purpose of the customer billing and collection processes is to collect revenues from customer accounts that are billed according to the service rules and are based upon accurate metered consumption. Obtaining an accurate reading is the first step in that process. Staff has maintained a reading rate near or above the goal since April 2010 except for two months affected by Hurricane Isaac in 2012 and a winter freeze in January 2014.

Plans for Improvement

Staff is working to reduce the number of estimated and erroneous readings. Also, the Automated Meter Reading pilot project is also intended to reduce the number of estimated and erroneous readings, as well as to reduce the cost of obtaining a validated reading.

Analysis

A bill is estimated if the meter is not read by the designated billing date. Bills are also estimated when a meter is read and the reliability of the reading is doubtful and the account is placed on an exception report. If the reading is not verified by the billing date, the bill will be estimated. Spikes in estimated bills usually occur when the Meter Reading department is unable to read a large section of meters during extreme weather.

Plans for Improvement

Current plans are focused on obtaining readings for accounts each month and verifying the reliability of each reading. Future plans will focus on advanced metering infrastructure that allows for readings to be obtained automatically several times daily.

Analysis

Customers request an investigation about their usage when the bill is higher than normal amounts. The higher billed amount may be due to: a leak; one or more estimated readings followed by an actual reading; an erroneous meter reading; or increased water, sewer, or sanitation rates. Before an adjustment can be made, an inspection of the meter and service line must be performed.

Plans for Improvement

Staff is working to reduce the number of estimated and erroneous readings. Also, the Automated Meter Reading pilot project is also intended to reduce the number of estimated and erroneous readings, as well as to reduce the cost of obtaining a validated reading.

Analysis

Customers contact the Sewerage and Water Board to start or end service; to request information about their bill; to report concerns about their water service, sewer connection, street flooding, or solid waste sanitation service; and other matters. The Call Center for emergency repairs is operated continously, while the Call Center for billing and non-emergency issues is operated from 7 AM to 7 PM. Call volumes can vary significantly month to month.

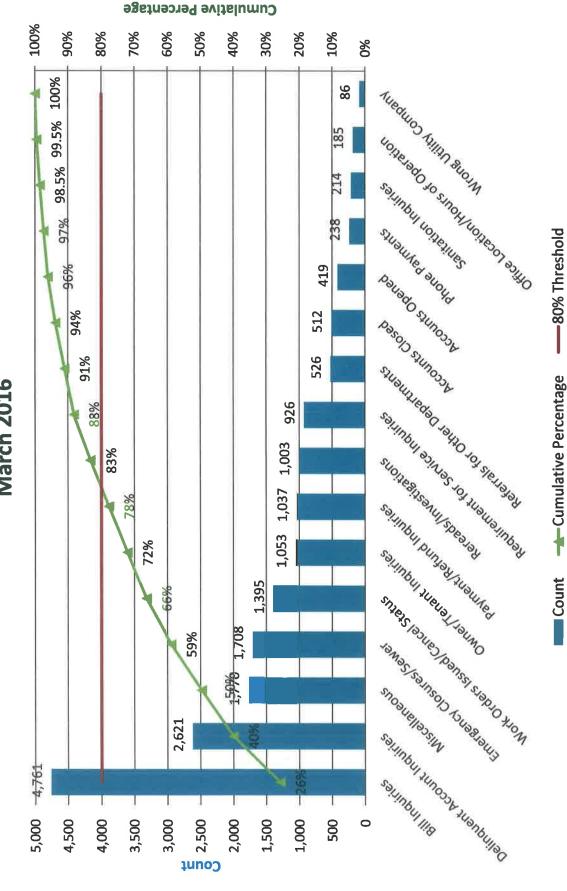

Plans for Improvement

Staff is analyzing the events that trigger calls in order to determine methods to reduce the volume. Short term plans for improvement will focus on creating more efficient "scripts" for handling routine call matters. Longer term plans will focus on reducing the overall call volumes with interactive voice response capabilities.

Plans for Improvement

Staff is analyzing the events that trigger calls in order to determine methods to reduce the volume. Short term plans for improvement will focus on creating more efficient "scripts" for handling routine call matters. Longer term plans will focus on reducing the overall call volumes with interactive voice response capabilities.

Trend: Favorable

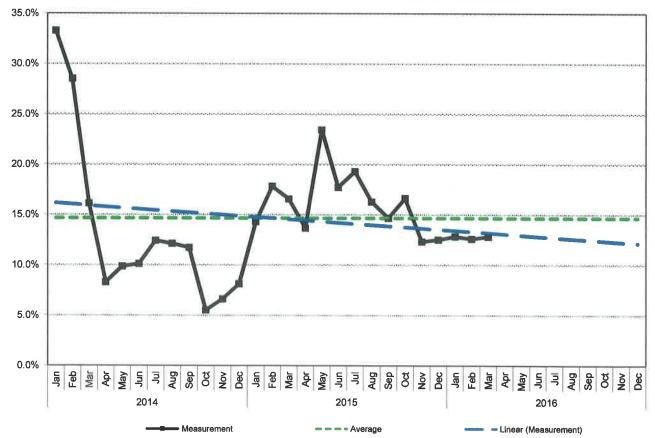

Yes

Analysis

Customers abandon their calls after waiting for an amount of time considered inconvenient, which varies from customer to customer. Some portion of the volume of abandoned calls is from customers calling and hanging up on multiple occasions.

Plans for Improvement

In order to resolve the significant increase in abandoned calls, additional employees have been hired and are being trained. Call rollover time has been reduced from 3 minutes to 20 seconds. Medium term plans for improvement will focus on creating more efficient "scripts" for handling routine call matters. Longer term plans will focus on reducing the overall call volumes with interactive voice response capabilities.

Sewerage and Water Board of New Orleans Water and Sewer Receivables 30 to 120 Days Old

EUM Attribute: Financial Viability

Description: Establishes and maintains an effective balance between long-term debt, asset values, operations and maintenance expenditures, and operating revenues

Constituency:
Customer Ratepayers

Objective: Efficient use of resources in providing services

Goal: None established

Currently Meeting
Goal: Not Applicable

Process Operating Within Control Limits: Yes

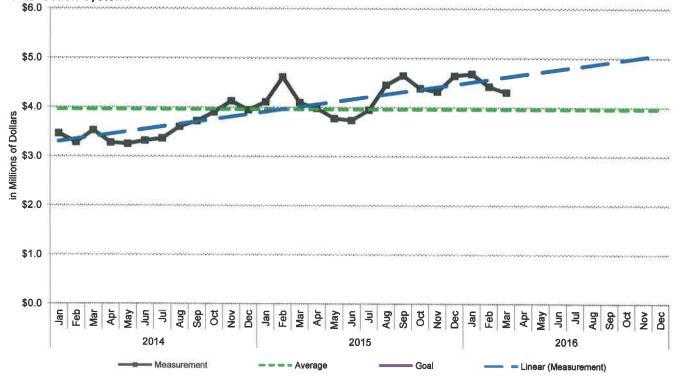

Trend: Level, when adjusted for rate increases.

Analysis

Water and sewer accounts receivable that are 30 to 120 days old are handled by internal staff using service disconnection. When those accounts are turned-off and final bills sent, the remaining balances after 30 days are sent to a collection agency. The uncollectable balances for 2007 and 2008 were higher than normal due to accounts that remained open for vacated facilities and were written off in 2011 and 2012, .

Plans for Improvement

It appears that the higher post-Katrina accounts receivable balances have been resolved through standard collection practices and that annual collection rates now exceed 98% of annual billings. Staff intends to use standard process improvement methods to continue collection practices pending implementation of new billing and collection system.

Trend: Level, when adjusted for rate increases.

Analysis

Water and sewer accounts receivable that are 120 days and older are handled by a collection agency. When those accounts remain uncollected after three years, the balances are written off as part of an annual process. The uncollectable balances for 2007 and 2008, which were written off early in 2011 and 2012, were higher than normal due to accounts that remained open post-Katrina for residences and businesses but were not occupied.

Plans for Improvement

It appears that the higher post-Katrina accounts receivable balances have been resolved through standard collection practices and that annual collection rates now exceed 98% of annual billings. Staff intends to use standard process improvement methods to continue collection practices pending implementation of new billing and collection system.
