Financial Advisor Lisa Daniels presented an update on the cash flow during the COVID-19 pandemic. While the actual revenues and expenditures to date are close to 2019 levels, despite a 10% rate increase,

SECTION 2.01. Authorization.

(a) In compliance with and under the authority of the Act and the General Bond Resolution, and contingent upon the approval of the City Council and the adoption of the Board of Liquidation Resolution, there is hereby authorized the incurring of an indebtedness and issuance of revenue bonds in an aggregate maximum principal amount of Sixty Four Million Seven Hundred Fifty Thousand Dollars (\$64,750,000) (the “Series 2020B Bonds”) for, on behalf of and in the name of the City, for the purpose of paying the Costs of the Capital Improvements, funding a debt service reserve fund and other reserve funds as required hereunder, and paying Costs of Issuance of the Series 2020B Bonds. The aforesaid indebtedness shall be represented by the Series

2020B Bonds to be designated “City of New Orleans, Louisiana, Sewerage Service Revenue Bonds, Series 2020B.” The Series 2020B Bonds are Senior Debt under the General Bond Resolution. Notwithstanding the foregoing, if the Series 2020B Bonds are delivered in a calendar year other than 2020, the series designation may change accordingly without the necessity of amending this Fifth Supplemental Resolution if set forth in the Certificate of Determination.

(b) The Series 2020B Bonds shall be fixed rate bonds, shall be dated the date of delivery, shall be in fully registered form, shall be in the denomination of Five Thousand Dollars (\$5,000) each or any integral multiple thereof within a single maturity, shall be numbered from No. R-1 upward and shall bear interest from the date thereof or from the most recent interest payment date to which interest has been paid or duly provided for at the rates set forth in the Certificate of Determination, such interest to be payable semiannually on each June 1 and December 1, commencing June 1, 2021, and shall have such other details as shall be set forth in the Certificate of Determination and the Board of Liquidation Resolution. As required by Resolution R-197-2019 adopted by the Board on November 20, 2019, the Board specifies that the Series 2020B Bonds shall bear interest at a rate not to exceed six percent (6.0%) per annum and shall mature not later than thirty (30) years from the date thereof, as shall be set forth in the Certificate of Determination. The Series 2020B Bonds shall mature on June 1 in each of the years set forth in the Certificate of Determination.

(c) The Series 2020B Bonds shall be issued as Common Debt Service Reserve Secured Bonds.

(d) The Series 2020B Bonds, equally with the Outstanding Parity Bonds, are equally and ratably secured by the Pledge of Net Revenues, as set forth in Section 4.02 of the General Bond Resolution.

(e) The interest on the Series 2020B Bonds shall be payable by check or draft of the Paying Agent mailed on or prior to the interest payment date by the Paying Agent to the Registered Owners of the Series 2020B Bonds as shown on the registration books of the Paying Agent on the 15th day of the calendar month next preceding the interest payment date. During any period after the initial delivery of the Series 2020B Bonds in book-entry-only form when the Bonds are delivered in multiple certificates form, upon request of a registered owner of at least \$1,000,000 in principal amount of Series 2020B Bonds outstanding, payments of principal, premium, if any, and interest on the Series 2020B Bonds will be paid by wire transfer in immediately available funds to an account designated by such registered owner; CUSIP number identification with appropriate dollar amounts for each CUSIP number must accompany all payments of principal, premium, and interest, whether by check or by wire transfer.

SECTION 2.02. Form of Series 2020B Bonds. The Series 2020B Bonds shall be substantially in the form attached hereto as **Exhibit A.**

SECTION 2.03. Book-Entry Registration of Bonds. The Series 2020B Bonds shall be initially issued in the name of Cede & Co., as nominee for The Depository Trust Company (“DTC”), as registered owner of the Bonds, and held in the custody of DTC. The Board of Liquidation has delivered a Blanket Letter of Representation (the “Letter of Representation”) to DTC on behalf of the City and the Board with respect to the issuance of bonds in “book-entry

only” format. The terms and provisions of said Letter of Representation shall govern in the event of any inconsistency between the provisions of the General Bond Resolution and this Fifth Supplemental Resolution and said Letter of Representation. A single certificate will be issued and delivered to DTC for each maturity of the Series 2020B Bonds. The Beneficial Owners will not receive physical delivery of Series 2020B Bond certificates except as provided herein. Beneficial Owners are expected to receive a written confirmation of their purchase providing details of each Series 2020B Bond acquired. For so long as DTC shall continue to serve as securities depository for the Series 2020B Bonds as provided herein, all transfers of beneficial ownership interest will be made by book-entry only, and no investor or other party purchasing, selling or otherwise transferring beneficial ownership of Series 2020B Bonds is to receive, hold or deliver any Series 2020B Bond certificate.

Notwithstanding anything to the contrary herein, while the Series 2020B Bonds are issued in the book-entry-only form, the payment of principal of, premium, if any, and interest on the Series 2020B Bonds may be payable by the Paying Agent by wire transfer to DTC in accordance with the Letter of Representation.

For every transfer and exchange of the Series 2020B Bonds, the Beneficial Owner may be charged a sum sufficient to cover such Beneficial Owner's allocable share of any tax, fee or other governmental charge that may be imposed in relation thereto.

Series 2020B Bond certificates are required to be delivered to and registered in the name of the Beneficial Owner under the following circumstances:

(a) DTC determines to discontinue providing its service with respect to the Series 2020B Bonds. Such a determination may be made at any time by giving 30 days' notice to the Board of Liquidation and the Paying Agent and discharging its responsibilities with respect thereto under applicable law.

(b) The Board or the Board of Liquidation determines that continuation of the system of book-entry transfer through DTC (or a successor securities depository) is not in its best interests or the best interests of the Beneficial Owners.

The Board of Liquidation and the Paying Agent will recognize DTC or its nominee as the Bondholder for all purposes, including notices and voting.

Neither the City, the Board, the Board of Liquidation or the Paying Agent are responsible for the performance by DTC of any of its obligations, including, without limitation, the payment of moneys received by DTC, the forwarding of notices received by DTC or the giving of any consent or proxy in lieu of consent.

Whenever during the term of the Series 2020B Bonds the beneficial ownership thereof is determined by a book entry at DTC, the requirements of this Fifth Supplemental Resolution of holding, delivering or transferring the Series 2020B Bonds shall be deemed modified to require the appropriate person to meet the requirements of DTC as to registering or transferring the book entry to produce the same effect.

If at any time DTC ceases to hold the Series 2020B Bonds, all references herein to DTC shall be of no further force or effect.

SECTION 2.04. Paying Agent's Registration. No Series 2020B Bond shall be entitled to any right or benefit under the General Bond Resolution or this Fifth Supplemental Resolution, or be valid or obligatory for any purpose unless there appears on such Series 2020B Bond a certificate of registration, substantially in the form provided in the bond form attached hereto, executed by the Paying Agent by manual signature.

ARTICLE III

REDEMPTION FEATURES OF SERIES 2020B BONDS

SECTION 3.01. Optional Redemption. The optional redemption provisions of the Series 2020B Bonds shall be set forth in the Certificate of Determination. The maturities of the Bonds to be redeemed shall be selected by the Board of Liquidation in its discretion.

SECTION 3.02. Mandatory Sinking Fund Redemption. The mandatory sinking fund redemption provisions, if any, of the Series 2020B Bonds shall be set forth in the Certificate of Determination.

SECTION 3.03. Notice of Redemption. In the event a Series 2020B Bond to be redeemed is of a denomination larger than \$5,000, a portion of such Series 2020B Bond (in any integral multiple of \$5,000 thereof) may be redeemed. Any Series 2020B Bond which is to be redeemed only in part may be surrendered at the designated corporate trust office of the Paying Agent, and there shall be delivered to the Owner of such Series 2020B Bond a new Series 2020B Bond or Series 2020B Bonds of the same maturity and of any authorized denomination or denominations as requested by such Owner in aggregate principal amount equal to and in exchange for the unredeemed portion of the principal of the Series 2020B Bond so surrendered. All notices of redemption shall state (i) the redemption date; (ii) the redemption price; (iii) if fewer than all the Series 2020B Bonds are to be redeemed, the identifying number (and in the case of partial redemption, the respective principal amounts) and CUSIP number of the Series 2020B Bonds to be redeemed; (iv) that on the redemption date the redemption price will become due and payable on each such Series 2020B Bond and interest thereon will cease to accrue thereon from and after said date; and (v) the place where such Series 2020B Bonds are to be surrendered for payment. Official notice of such call of any of the Series 2020B Bonds for redemption shall be given by means of first-class mail, postage prepaid, by notice deposited in the United States mails, or via accepted means of electronic communication, not less than thirty (30) days prior to the redemption date addressed to the registered owner of each Series 2020B Bond to be redeemed at his address as shown on the registration books maintained by the Paying Agent.

In the case of an optional redemption, the notice may state (i) that it is conditioned upon the deposit of moneys, in an amount equal to the amount necessary to effect the redemption, with the Paying Agent no later than the redemption date, or (ii) that the Board of Liquidation retains the right to rescind such notice at any time prior to the scheduled redemption date if the Board of Liquidation delivers a certificate of an Authorized Officer to the Paying Agent instructing the Paying Agent to rescind the redemption notice (in either case, a "Conditional Redemption"), and such notice and optional redemption shall be of no effect if such moneys are not so deposited or if

the notice is rescinded as described herein. The Paying Agent shall give prompt notice of such rescission to the affected Bondowners. Any Series 2020B Bonds subject to Conditional Redemption where redemption has been rescinded shall remain Outstanding, and the rescission shall not constitute an Event of Default. Further, in the case of a Conditional Redemption, the failure of the Board of Liquidation to make funds available in part or in whole on or before the redemption date shall not constitute an Event of Default.

Any notice mailed or provided herein shall conclusively be presumed to have been given whether or not actually received by any Bondholder. Failure to give such notice or any defect therein shall not affect the validity of the redemption proceedings.

SECTION 3.04. Transfer, Registration and Assignment. The Series 2020B Bonds may be transferred, registered and assigned only on the registration books of the Paying Agent, and such registration shall be at the expense of the Issuer. A Series 2020B Bond may be assigned by the execution of an assignment form on such Series 2020B Bonds or by other instruments of transfer and assignment acceptable to the Paying Agent. A new Series 2020B Bond or Series 2020B Bonds will be delivered by the Paying Agent to the last assignee (the new registered owner) in exchange for such transferred and assigned Series 2020B Bonds after receipt of such Series 2020B Bonds to be transferred in proper form. Such new Series 2020B Bond or Series 2020B Bonds must be in the denomination of \$5,000 or any integral multiple in excess thereof within a single maturity. Neither the Board of Liquidation nor the Paying Agent shall be required to issue, register the transfer of, or exchange (i) any Series 2020B Bond during a period beginning at the opening of business on the 15th day of the month next preceding any interest payment date and ending at the close of business on the interest payment date, or (ii) any Series 2020B Bond called for redemption prior to maturity during the period of fifteen (15) days after the mailing of notice of redemption as provided herein, but only with respect to those Series 2020B Bonds which are the subject of such redemption.

ARTICLE IV

SECTION 4.01. Obligations and Conditions. As a condition to the issuance of the Series 2020B Bonds, the Board hereby obligates itself or shall cause the Board of Liquidation to:

If no suit, action, or proceeding is begun contesting the validity of the Series 2020B Bonds within the thirty days, the authority to issue the bonds and to provide for the payment thereof, and the legality thereof and of all of this Fifth Supplemental Resolution shall be conclusively presumed, and no court shall thereafter have authority to inquire into such matters.

for the purpose of paying Costs of Capital Improvements (as defined in the General Bond Resolution), funding a deposit to a debt service reserve fund, and paying costs incurred in connection therewith. The Bonds have been issued pursuant to a General Sewerage Service Revenue Bond Resolution adopted by the Board on May 21, 2014 and a Fifth Supplemental Sewerage Service Bond Resolution adopted by the Board on _____, 2020, and by a resolution adopted by the Board of Liquidation, City Debt (the "Board of Liquidation") on _____, 2020 (collectively, the "Resolution"), under the authority conferred by Section 4121 of Title 33 of the Louisiana Revised Statutes of 1950, as amended (the "Act"), and other constitutional and statutory authority. This Bond and the issue of which it forms a part are payable as to both principal and interest solely from the Net Revenues and other funds of the Board pledged for that purpose by the Resolution. Subject to the foregoing, this Bond and the issue of which it forms a part are issued on a complete parity with the Issuer's outstanding (i) Sewerage Service Revenue Bonds, Series 2011; (ii) Sewerage Service Revenue and Refunding Bonds, Series 2014; (iii) Sewerage Service Revenue Bonds, Series 2015; (iv) Sewerage Service Revenue Bonds, Series 2019; and (v) Sewerage Service Revenue Bonds, Series 2020A (collectively, the "Outstanding Parity Bonds"), with respect to the revenues derived from sewerage service charges and other funds pledged by the Resolution for the payment and security of the Bonds and the Outstanding Parity Bonds.

The Bonds, equally with the Outstanding Parity Bonds and such additional bonds as may hereafter be issued under the Resolution on a parity therewith are, and are to be, equally and ratably secured by the pledge of the revenues derived from sewerage service charges of the City, for purposes relating to the sewerage system of the City, as provided in the Act and the Resolution, to which reference is hereby made for a more complete description of the rights of the owners of the Bonds and of the Board with respect to the sewerage system of the City, and the revenues thereof, and the terms and conditions upon which the Bonds and such additional parity bonds are, and are to be, issued, to all of the provisions of which Resolution each Bond owner, by acceptance hereof, assents. This Bond and the issue of which it forms a part do not constitute a debt of the City, and neither the credit nor the taxing power of the City is pledged to the payment thereof, or any part thereof, or to the payment of any interest thereon.

Pursuant to the Act, the Board of Liquidation, as now organized and created and with the powers, duties and functions prescribed by existing laws, shall be continued while any bonds authorized by the aforesaid provisions of law are outstanding and unpaid; and all sewer revenues which may be collected for the payment of said Bonds shall, be paid over to said Board of Liquidation, and shall by it be applied in payment of the principal of and interest on said Bonds; and said Board of Liquidation shall, with respect to all Bonds authorized, be entitled to exercise all the rights and enforce the performance of all the obligations, the same as it is authorized to do under existing laws with respect to any of the registered outstanding Bonds of the Board. Each Bond of this issue constitutes a contract between the City, the Board, the Board of Liquidation, and the Registered Owner of such Bond.

Those Bonds maturing June 1, 20__ and thereafter shall be subject to redemption at the option of the Board of Liquidation in full or in part at any time on after June 1, 20__, at a redemption price equal to 100% of the principal amount of the Series 2020B Bonds to be

redeemed, together with accrued interest to the date fixed for redemption. The maturities of the Bonds to be redeemed shall be selected by the Board of Liquidation in its discretion.

In the event of redemption of fewer than all the outstanding Bonds of like maturity, such Bonds shall be redeemed by lot or in such other manner as shall be deemed fair and equitable by the Paying Agent for random selection.

Optional redemption of the Series 2020B Bonds shall be applied ratably, as nearly as possible, against each of the mandatory sinking fund requirements set forth below.

The Bonds due on June 1, 20__, shall be subject to mandatory redemption prior to maturity through application of sinking fund payments on June 1 in each of the years and in the respective principal amounts set forth below, in each case at a redemption price equal to 100 of their principal amount, plus accrued interest to the date of redemption.

*Final maturity

In the event a Bond is of a denomination larger than \$5,000, a portion of such Bond (\$5,000 or any multiple thereof) may be redeemed. Official notice of such call of any of the Bonds for redemption will be given by first class mail, postage prepaid, by notice deposited in the United States mails not less than thirty (30) days prior to the redemption date addressed to the registered owner of each Bond to be redeemed at his address as shown on the registration books of the Paying Agent.

There shall be kept at the designated corporate trust office of the Paying Agent a register (the "Bond Register") in which registration of the Bonds shall be made as provided herein. This Bond is transferable only upon the records kept for that purpose at the principal corporate trust office of the Paying Agent by the person in whose name this Bond is registered (the "Registered Owner") or by his or her attorney duly authorized in writing, upon surrender hereof together with a written instrument of transfer satisfactory to the Paying Agent duly executed by the Registered Owner or such duly authorized attorney, and thereupon the Paying Agent shall issue in the name of the transferee a new fully registered Bond or Bonds of the same aggregate principal amount and designation, maturity and interest rate as the surrendered Bond, and upon the payment of the costs of any transfer taxes or other governmental charges relating thereto. The Board of Liquidation and the Paying Agent may treat and consider the person in whose name this Bond is registered as the absolute owner hereof for the purpose of receiving payment of or on account of the principal hereof and interest and premium, if any, hereon, and for all other purposes whatsoever. Neither the Board of Liquidation nor the Paying Agent shall be required to issue, register the transfer of, or exchange (i) any Bond during a period beginning at the opening of business on the 15th day of the month next preceding any interest payment date and ending at the close of business on the interest

payment date, or (ii) any Bond called for redemption prior to maturity during the period of fifteen (15) days after the mailing of notice of redemption as provided herein, but only with respect to those Bonds which are the subject of such redemption

This Bond and the series of which it forms a part are issuable in the form of fully registered bonds of the denomination of \$5,000 each or any integral multiple thereof. Subject to the conditions and upon the payment of the costs of any transfer taxes or other governmental charges relating to the transfer of this Bond upon surrender hereof at the principal corporate trust office of the Paying Agent with a written instrument of transfer satisfactory to the Paying Agent duly executed by the Registered Owner or by his attorney duly authorized in writing, this Board may at the option of the Registered Owner hereof be exchanged for an equal aggregate principal amount of fully registered bonds of the same designation, maturity and interest rate and of any authorized denomination.

For a more complete statement of the source of moneys from which and conditions under which this Bond is payable, a statement of the conditions under which additional Bonds may hereafter be issued on a parity with the Bonds, and the general covenants and provisions pursuant to which this Bond is issued, and the conditions under which the pledges and covenants of the City, the Board and the Board of Liquidation may be discharged and this Bond no longer be deemed outstanding, reference is hereby made to the Resolution. This Bond and the issue of which it forms a part do not constitute a debt of the City, but are payable as to principal and interest, solely out of the Net Revenues of the Board pledged for that purpose.

This Bond shall not be valid or become obligatory for any purpose or be entitled to any security or benefit under the Resolution (herein defined) until the certificate of registration hereon shall have been signed by the Paying Agent.

It is hereby certified, recited and declared that all acts, conditions and things required by the Constitution and laws of the State of Louisiana to exist, to have happened and to have been performed precedent to and in the issuance of this Bond do exist, have happened and have been performed in regular and due time form and manner as prescribed by law, and the amount of this Bond and the issue of which it forms a part, together with all other obligations or indebtedness of the City and the Board, does not exceed any constitutional, statutory or other limitation of indebtedness.

IN WITNESS WHEREOF, the City of New Orleans, Louisiana has caused this Bond to be executed in its name by the facsimile signatures of its Mayor, the President of the Sewerage and Water Board of New Orleans, and the President and Secretary of the Board of Liquidation, City Debt, and a facsimile of its corporate seal to be imprinted hereon.

SEWERAGE AND WATER BOARD

Inter-Office Memorandum

Date: September 3, 2020

To: Board of Directors

From: Dexter Joseph, Planning & Budget Director

Re: Resolution R-110-2020 to adopt the Sewerage and Water Board Millage for the fiscal year 2021

Summary. Staff recommends the adoption of the attached resolution to set millage rates for collections on behalf of the Sewerage and Water Board at the same rates that were in effect for 2020.

Background. The Louisiana Constitution authorizes the setting of the millage rate after reassessment but not in excess of the prior year's maximum authorized millage rate and only after a public hearing is held and call for that purpose, and only if approved by a two-third majority vote of the tax recipient body. A public hearing on this matter will be held on Wednesday, September 16, 2020.

The Proposed Millage Rates. The 2021 millage rate revenues will be determined once the Board of Review Certifies the Tax Rolls and will be calculated based on the following three mills.

Three Mill Tax	LA Revised Statue 33:4124	4.46 mills
Six Mill Tax	LA Revised Statue 33:4137	4.71 mills
Nine Mill Tax	LA Revised Statute 33:4147	7.06 mills

These funds are dedicated by law and the Sewerage and Water Board to the drainage system that protects Orleans Parish.

Recommended Action. The Council of the City of New Orleans is required by the provisions of Article VII, Section 23 of the Louisiana Constitution to adjust the millage for certain tax recipient bodies within the Parish of Orleans and to levy Ad Valorem taxes on behalf of itself or such other tax recipient bodies in the Parish of Orleans.

Staff recommends that it would be appropriate for the Finance/Operations Committee to recommend to the Board of Directors of Sewerage and Water Board for adoption of the attached resolution to set millages collected on behalf of Sewerage and Water Board at the same rates as were in effect in 2020.

**REQUEST TO SET SEWERAGE AND WATER BOARD
DRAINAGE MILLAGE RATES FOR 2021**

WHEREAS, the Council of the City of New Orleans is required by the provisions of Article VII, Section 23 of the Louisiana Constitution to set the millage for certain tax recipient bodies within the Parish of Orleans and to levy Ad Valorem taxes on behalf of itself or such other tax recipient bodies in the Parish of Orleans; and

WHEREAS, such Ad Valorem Tax Millages must be levied for said bodies for the year 2021; and

WHEREAS, Sewerage and Water Board desires to set its Ad Valorem Tax Millage rate for 2021 at the same level as 2020;

NOW, THEREFORE, BE IT RESOLVED by Sewerage and Water Board of New Orleans that it hereby requests the Council of the City of New Orleans to set its Ad Valorem tax millage as follows and to levy these taxes for 2021:

1. Three Mill Tax (Adjusted) – LA Revised Statute 33:4124
For the operation and maintenance of the drainage system of the City of New Orleans and for the construction and extension of said drainage systems, excluding subsurface drainage systems and their appurtenances at 4.46 mills.
2. Six Mill Tax (Adjusted) – LA Revised Statute 33:4137
For the operation and maintenance of the drainage system of the City of New Orleans, and for the construction and extension of said drainage systems, excluding subsurface drainage systems and their appurtenances at 4.71 mills; and
3. Nine Mill Tax (Adjusted) - LA Revised Statute 33:4147
For the operation and maintenance of the drainage system of the City of New Orleans, and for the construction and extension of said drainage systems, excluding subsurface drainage systems and their appurtenances at 7.06 mills.

I, Ghassan Korban, Executive Director,
Sewerage and Water Board of New Orleans, do
hereby certify that the above and foregoing
is a true and correct copy of a resolution

FCO 9 – Cycle encountered yard piping in conflict with construction of pile and grade beam improvements not included in the original scope of work. The piping is associated with hydraulically operated valves and is not shown on as-built drawings. Piping must be relocated and placed into service sequentially to maintain operations. Amount for this FCO is \$76,197.14

FCO 10 – Cycle discovered that the west side existing grade beam is 6' deep and the overall size of the rest of the beam is also roughly a foot larger. This caused a redesign of the planned grade beam to include additional materials, pile cap, and tension piles. Massive voids were also found underneath the interior slab. This has caused cracking to occur. Voids will need to be filled for safe operation of heavy equipment used for this contract. Interior slab will be cut and replaced as well. Amount for this FCO is \$182,932.71

FCO 11- This FCO is for a 485 day time extension that includes general conditions and overhead. This project has been impacted by an multiple unforeseen conditions and change orders. Additional details and photos are provided in attached document. Amount for this FCO is \$140,775.69.

Billing Accuracy

The billing and collections division is responsible for the creation and distribution of accurate customer bills, resolving all billing complaints, interfacing with large non-residential customers and ensuring successful collections efforts to ensure the financial solvency of SWBNO. Accuracy of customer bills depends on measuring and reporting the actual water use of each customer. In addition, the integrity of the system relies on account investigations, as necessary, from either customer inquiries or from staff-initiated queries. The following metrics are monitored to help management measure and improve the bill accuracy, improve the customer response time and implement best practice collection activity.

The Sewerage and Water Board (SWBNO) suspended water service shut-offs Thursday, March 12, and will adhere to this policy change for the duration of the Mayor's Declared Emergency proclamation in response to the COVID-19 pandemic.

The high number of estimated reads, caused by COVID-19 related staffing shortages and seasonal turnover, drive billing complaints and inaccuracies. To address this challenge, SWBNO has augmented its meter reading staff with 20 temporary employees to help our internal team provide actual reads of meters over the next three months.

Collections

A total of 94,275 payments were received in June. These payments are received via mail, walk-ins, online payments, and IVR.

Coming Soon

SWBNO's Benefits Department manages three separate areas of HR:

1. Benefits Administration
2. Pension Administration
3. Leave Management

Benefits Administration

SWBNO partnered with FirstStop Health in 2020 to offer a new Telemedicine benefit. This \$0 co-payment option is available to employees, retirees and dependents enrolled in SWBNO's group healthcare plan. Those affected by COVID-19 use this benefit for triage and medical assistance. FirstStop Health also assists with locating testing facilities with COVID-19 testing capabilities. Utilizing the Telemedicine service provides access to medical professionals in the privacy of the patient's home without the need to seek treatment at a public facility, such as an ER and Urgent Care, which could lead to potential exposure. The Telemedicine benefit is a great option for travelling employees/retirees who may not have access to a network provider. Employees/Retirees can connect to a doctor or nurse via video chat or telephone 24/7. This service has assisted with alleviating the cost of medical treatment to both the employee/pensioner and SWBNO's group healthcare plan.

Pension Administration

On September 1, 2020, employee Adam Kay started a four-year term on the Pension Committee. The composition of the Pension Committee includes four Employee Members who are elected by active employees and one Retired Member of SWBNO who is elected by active DROP employees and retirees. Membership terms for the four elected Members of the Pension Committee are individual, four-year staggered terms and an election is held annually to fill vacancies. Due to the expiring term of an Employee Member on the Pension Committee, the Benefits Department initiated the election process in July 2020 to fill the upcoming vacancy. The Pension Committee Member selection process is used to determine which Active and Retired Members will fill vacancies on the Pension Committee. This process involves, in part, a nomination period and ballot election to allow Members the opportunity to elect Members to fill these vacancies. This process is monitored by the Human Resources Director, verified by SWBNO's Internal Audit Department and reported to the Pension Committee.

Leave Management

Families First Coronavirus Response Act (FFCRA) Leave

In August 2020, SWBNO implemented an emergency leave program for employees affected by the COVID-19 pandemic. This program is being administered in accordance with the Families First Coronavirus Response Act recently signed into law to provide relief for those directly affected. Employees initiate this process by submitting a completed FFCRA request form to the Benefits Department. The Benefits Department has implemented an FFCRA process to determine the need for FFCRA leave. Pursuant to the FFCRA, there are six COVID-19 related qualifying events that would qualify an employee for FFCRA leave.

Paid Parental Leave

Pursuant to the City of New Orleans' initiative to provide paid leave to eligible employees following the birth of a child or the adoption of a child, SWBNO provides up to eight (8) weeks of paid Parental Leave. This alleviates the financial impact on employees and provides paid time off for bonding with a newborn child or placement of an adoptive child.

Leave Donation

City employees can donate days of accrued Sick Leave and Annual Leave to eligible employees who are approved for a medical leave of absence. Donated leave can be for either the employee's medical leave of absence or the employee's immediate family member's illness.

Military Leave

SWBNO pays up to fifteen (15) days of paid Military Leave per year to employees who enter into active military duty with the U.S. Armed Forces. Employees can use accumulated Sick Leave and Annual Leave beyond the fifteen (15) days of paid Military Leave.

August 2020 Leave Management Reporting

- 1 Employee who received paid Military Leave
